Principal's Message

Welcome, Eagles!

It seems almost unreal that another school year is already upon us. I am so excited to begin this new adventure with all of you! Last year was a learning experience for all of us. We tried out new policies and procedures. We tested limits. We learned what worked and what really, really didn't! Thank you all for bearing with me in my first year as a brand new principal. Every year is a fresh start and an opportunity to make our school even better than it was. We can all take what we learned last year and concentrate on becoming the very best versions of ourselves that we can be!

That being said, many of you have heard me say I am not here to be your friend. I owe you more than that. I would not be doing my job...my duty...if I let you do everything you wanted, and I care too much about each of you to allow you to run wild. Schools need structure in order to function effectively. Without structure, school would be a stressful place of chaos with no learning occurring. This handbook has been redesigned with EACH of you in mind. School improvement is a continuous process, and this handbook is a reflection of that. Policies and procedures that worked have been kept. Those that needed some adjusting have been adjusted. Others that simply did not help you work towards success have been removed. Every aspect of this handbook has been designed with increasing your opportunities for success -- even the aspects you do not like, and even those that involve disciplinary actions. By establishing and maintaining policies, procedures, and high expectations for learning and behavior, Miami faculty and staff can concentrate on doing the very best job possible to educate EACH of you.

Please do take the time to read this lengthy document, as well as your Student Activities Handbook, as you will be responsible for knowing and understanding this year's policies, procedures, rules, and expectations. Many have changed. Some may surprise you. ☺ If you have questions, please ask! Even if you've already asked, ask again! I welcome conversations with each of you and hope that this newly recharged handbook is a reflection of how valuable your input was to me as we worked through last year together.

One of my goals for this year is to change our school culture and climate, and to help students understand how truly great it is to be an Eagle. So often I hear someone say, "What do you expect? I'm from Miami" in regards to some sort of mistake he or she has made. It seems to be a running joke that Miami should be known for what we don't know and can't do. I beg to differ. I am extremely proud of our students, staff, and alumni. Each of you has such great potential, and I want you all to be proud of your achievements, as individuals and as a school. I want people to know what I know and what your teachers and parents know—you are the bright future of Miami, our community, our country, and our world. When I read about a former student who has just graduated from medical school and is now a doctor, I say, "What do you expect? She graduated from Miami!"

I look forward to beginning a new journey with each of you!

Sincerely,

Mrs. Angie Wiley
Principal

MISSION STATEMENT

It is the mission of the Miami R-I Schools to educate all students to their highest potential, allowing them to apply knowledge to improve the quality of their lives, to recognize each child as a unique individual and to provide them the opportunity to reach their maximum level of achievement.

GOALS AND OBJECTIVES

The general goals and objectives of the Miami R-I School District are:

1. To develop in each child an understanding and appreciation of the forces and ideals that are basic to the American way of life.
2. To develop in each child a sense of his/her personal opportunities and responsibilities as a citizen of his/her community, state, nation, and the world.
3. To develop in each child an understanding of the physical, social, and economic world in which he/she lives and to assist him/her in adjusting to his/her surroundings.
4. To encourage and stimulate children and youth to think clearly, logically, and independently.
5. To encourage children and youth to respect the integrity of work and deed, to appreciate the dignity of worth of every individual regardless of culture, race, gender or handicap, and to seek out and to accept their responsibilities and obligations as citizens, along with their rights and privileges.
6. To give each child, to the best of his/her abilities a sound mastery of the tools of learning and communication, such as reading, arithmetic, and the spoken language.
7. To provide flexibility in the curriculum so that the gifted, the typical and the handicapped may be prepared for effective citizenship and service, whether the child enters a vocation from secondary school or continues a school of higher learning.
8. To encourage each child to develop his/her full potential so that he/she may acquire a deep sense of personal worth.
9. To provide physical education and health services so that every child will have, as far as possible, robust health and the knowledge and desire to safeguard it.

EDUCATIONAL PHILOSOPHY

Philosophy of education is the foundation on which a school district is built, and upon which the product of the school program is evaluated. The philosophy herein subscribed to by the Board of Education shall be a guide in determining the policies, rules and regulations of the school district.

Recognizing each student as a unique individual, we believe that education should provide an opportunity for the maximum development of each individual within the

limitations of his/her capacities. Through education, it is possible for the individual to discover and endeavor to achieve to the limits of his/her capacities.

We believe that in a democratic society, education must help the student realize his/her worth as an individual and should lead him or her toward becoming a productive member of society. Strong emphasis must be placed upon democratic values, which are important for an effective and satisfying personal and social life.

We believe that the role of the teacher in the educational process is to provide opportunities for the individual to achieve at the maximum level of capacity, to create a learning situation in which individual motivation for learning is the stimulus for achievement, and to promote through teaching and example the principles of the democratic way of life.

We believe the parents/guardians have definite responsibilities in education. They need to have basic confidence in the school, and they need to impact this confidence to the students. The parent/guardians may do this by cooperating to the fullest with the schools, by encouraging the student to give his or her best efforts to the daily school responsibilities, and by participating in school activities.

We believe that the student must have responsibilities in the educational program of the community. The most important of these is attitude. The student is obliged to come with an open mind, equipped with all the necessary materials, ready to fulfill the responsibilities in the learning process. The basic attitude should be that the school is an institution of opportunity, staffed with trained personnel to help the student become a contributing member of society.

We believe that the foundation of the district's educational program is based on the development of competencies in the basic fundamentals of reading, oral and written communication and mathematics.

It is, therefore, the responsibility of the Miami R-I School District to provide an educational environment for children of the district, which will foster and accelerate their intellectual, physical, social and career development.

CONCERNS

Students or parents/guardians who have a concern about school policy or a school employee should follow the following procedures in order to resolve the problem as quickly as possible:

1. Contact the person with whom you have a complaint to discuss both sides of the issue.
2. If the problem persists, contact the Principal.
3. If the problem remains unresolved, contact the Superintendent.
4. Finally, if the problem continues to be unresolved, as the Superintendent to place the complaint on the following month's Board of Education agenda for further discussion.

Individuals failing to follow this chain of command may be referred back to the appropriate personnel, as needed.

STUDENT LIFE

ENROLLMENT

1. At the time of enrollment, each student will make a schedule of the courses he/she would like to take for the school term.
2. Students enrolling as new students should bring a copy of their immunization records, social security card, birth certificate, and transcripts, if possible, from their previous school.
3. Students must provide proof of residency. (“Residency” is defined as a person physically residing in a school district and is domiciled within that district; the domicile of a minor child shall be the domicile of the parent or guardian.) At least one of the following criteria shall be used in determining student residency:
 - Parent or guardian resides within the boundaries of the Miami R-I School District.
 - Student resides in the Miami R-I School District as an emancipated minor or an adult (18 years or older).
 - Student lives with someone who has legal custody of the student, and who is a resident of the Miami R-I School District.
 - The student is otherwise proven to be legally domiciled within the district.
4. Random residency checks, including but not limited to home visits, will occur throughout the school year, as needed.
5. **Note:** Any person who knowingly falsifies a statement of residence is guilty of a class A misdemeanor. In addition to any other penalties authorized by law, the district may file a civil action to recover from the parent, military guardian, or legal guardian of the pupil, the costs of school attendance for any pupil who was enrolled at a school in the district and whose parent, military guardian, or legal guardian filed false information to satisfy residency requirements.

The junior and senior high school operates on an eight (8) period day, which includes an advisory period scheduled from 8:00 – 8:22 each morning, except on early out days when there will be no advisory. Attendance at advisory IS mandatory, a grade IS received, and absence IS figured into the students’ attendance. Special consequences

will be in effect in regards to skipping advisory. There are four (4) minutes allowed for the changing of classes between each period.

SCHOOL TIME

1. School hours are from 8:00 am – 3:45 pm. Students should NOT plan to arrive prior to 7:40 a.m. unless a staff member is present for a school-sponsored activity.
2. Once students arrives on campus, they are officially on “school time” and subject to all school expectations.
3. When students arrive on school premises, they should go directly to the cafeteria (if eating breakfast), or to the gym (if not eating breakfast). Students may stop briefly at lockers/locker rooms. The only (rare) exceptions to this are for school-sponsored events that require students to report to an alternate area/faculty member.
4. Students will go to the gym after finishing breakfast, if time allows. Students are not to linger in the cafeteria after eating.
5. School personnel will be supervising the gym from 7:40 till the first bell (7:55 am). Students are dismissed to their advisory supervisor with the first bell.
6. Students are not allowed to be in any classroom without an adult present, for any reason. Students found entering a locked classroom by means other than the teacher unlocking the door are subject to the school discipline policy. If no teacher is in the room between classes, students are directed to wait quietly outside the classroom and wait for the teacher.
7. All bus-riding students will enter/exit the building at the northwest entrance by the music room.
8. All other 7-12 grade students are to enter/exit the building through the main high school doors on the southeast side of the school by the gym/concession stand.
9. For reasons of school safety, the locker room is not an allowable means of ingress or egress for anything except emergency evacuations or after-school, coach-supervised baseball/softball practices.
10. Students may not enter or exit on the south side of the building, through the shop doors, or through the southeast high school doors by the old superintendent’s office without a faculty/staff supervisor present. For school safety plan reasons, no other doors are to be used to enter/exit the building at any time.

BEFORE AND AFTER SCHOOL SUPERVISION

1. Students should NOT plan to arrive prior to 7:40 a.m. unless a staff member is present for a school-sponsored activity.
2. Students should not plan to stay after school unless a school sponsor is present for a school-sponsored activity in which the student is personally participating in.
3. For after-school/weekend/Monday activities, students should not arrive earlier than designated by the coach/sponsor or plan to stay later than the duration of the school-sponsored activity unless they are on a designated clean-up crew. The school district is not responsible for student supervision outside of these times. Parents/guardians may be called to pick up students arriving too early for school or staying after school without previously designated supervision by school staff.
4. Coaches/sponsors/school staff are not responsible for supervision of siblings of activity/sport participants. This is unfair to the coach and to the team. Other arrangements for siblings will need to be made by parents/guardians. The school is not responsible for supervision of students not directly involved in before or after school activities. A closed gym may be enforced for practices, if necessary.

5. Students are required to stay with their assigned coach/sponsor and not wander the building.
6. After activities/games/practices, students are required to wait for their rides within sight of the coach/sponsor and let the coach/sponsor know when they are leaving.
7. Students must have written permission from parents to leave school-sponsored events with someone other than pre-designated individuals. (See the office for forms.) Students are NEVER to leave the premises without the coach/sponsor knowing, and are NEVER to attempt to walk home.
8. Students should not wait outside the building for rides unless the coach/sponsor is with them.
9. Students with chronic drop-off or pick-up issues (being dropped off too early or being picked up too late) may be barred from attending special activities on a short-term or long-term basis.

CHECKING OUT DURING THE DAY

1. Once a student arrives on school grounds, he/she is not to leave the building for any purpose or at any time during the school day, except after reporting to the office and receiving permission from both the principal and the parent/guardian (if leaving school grounds), or under direct supervision of a teacher for a field trip or other school-sponsored activity.
2. Failure to receive permission will result in discipline per the Board-approved school discipline and/or truancy policy.
3. Permission to leave school grounds will not be granted unless the student presents a written request from the parent/guardian stating that he/she be allowed to leave school at a specific time (and with whom, if applicable); or if the parent/guardian contacts the school by phone before the absence.
4. Permission to run errands will be considered on an individual basis by the principal and must incur parent/guardian permission.
5. Students wishing to go to their vehicles during the school day must report to the office for permission. Teachers are not allowed to grant this permission. Students are not allowed to get into other students' vehicles without the other student present.
6. The student must check out through the office when the parent/guardian arrives to pick him/her up or gives permission for the student to leave campus, if a driver. If the high school office is closed due to lunch, etc., students must go to the elementary office or the superintendent's office to check out.
7. Students who are under age 18 must secure the principal's permission before checking out. A parent/guardian will be notified concerning a student age 18 or over leaving the campus.
8. Students contacting parents/guardians via cell phone in order to be checked out to go home, without office/nurse knowledge/permission, will receive a cell phone violation according to the Board-approved discipline policy/handbook, and the absence will go on file as unexcused. Students must be cleared through the nurse's office or high school office to receive permission to check out.
9. Students must attend school for the entire academic day in order to participate in extracurricular activities on that date. If a student has an appointment or wishes to leave on that day, the student's parent/guardian must clear the absence with one of the administrators prior to the student checking out of school. If the student does not have prior clearance from an administrator, the student will not be allowed to participate.

VISITORS

It is important to know that you are always welcome at school, and encouraged to visit; however the safety and integrity of the educational environment is our first priority. For safety, the school building will be locked during school hours. Please enter through the southeast (main high school) door by the gym.

1. To ensure the safety of all students and staff, all visitors, including parents, must report to the principal's office immediately upon entering the building and obtain a visitor's pass.
2. Visitors are not allowed to bring students outside lunches and/or eat lunch with students except with special, advance permission from the administration.
3. In an effort to protect instructional time and minimize classroom interruptions, all messages or items to be delivered to students will be left in the office and delivered at an appropriate time.
4. In emergency situations, student may be called to the office to speak with parents, obtain messages and belongings.
5. When a patron of the school has a need for a conference with a teacher or counselor, an appointment should be made so the staff member may proceed with his/her assigned duties without undue interruption.
6. Groups of visitors wishing to visit the school or facilities shall notify the Superintendent as far in advance as possible.
7. Students dismissed earlier in one school than the other (elementary vs. high school) are not permitted to be on the other side of the school without a parent/guardian.
8. Individual guests of Miami students are not permitted.
9. All persons who do not obtain permission from the principal's office to visit the school, or visitors who create serious distractions to the learning environment in the building or on the premises, shall be considered trespassers. Law enforcement will be utilized as necessary. In extreme situations, the superintendent or designee may inform the visitor that he or she is not welcome back on district property or at district events indefinitely or for a specific period of time. During any period of prohibition, the visitor will not be allowed on district property except to attend a meeting of a public governmental body. The superintendent may make exceptions for parents, guardians or custodians of students enrolled in the district if the person's presence is necessary to transport the student, may benefit the student educationally, or in situations where the parent, guardian or custodian will be supervised at all times. This paragraph does not apply if the person is otherwise prohibited or banned from district property by other sections of this policy.
10. In order to minimize potential harm to staff and students, persons listed on the sex offender list may not be present in any school building, or on district property, in any district vehicle utilized to transport students, or be present at school activities without the written permission of the Superintendent. If permission is granted for a specific event or events, the Superintendent will notify the principal where the sex offender will be present.

CAFETERIA

Students or parents should not bring in, or have delivered, restaurant/fast-food lunches. We expect all of our students to conduct themselves properly during lunch periods, practice good table manners, and abide by the school rules.

CARE OF SCHOOL PROPERTY/TEXTBOOKS

1. The school will furnish all textbooks. Students will be assigned books and must keep them for the duration of the class.
2. It is the responsibility of students to see that school property is kept in good condition. Students will be held responsible for all books, supplies, learning apparatus, and furniture provided for their use by the Board of Education. This includes laptop bags purchased by the school.

3. Students who deface or otherwise damage school property shall be required to pay all damages incurred and may face other disciplinary actions per Board-policy/Handbook measures.
4. Lost books incur a fee of 100% of the replacement cost of the book(s).

TELEPHONES

School phones are business phones. Students may only use school phones after securing permission from office staff and/or emergency situations. Students are not to use their personal phones outside specified time frames without express permission from the office. Students must come to the office to do this. Classroom phones may only be used by students for classroom discipline purposes (ex.: Calling parents to self-report a behavior problem as part of a teacher’s classroom management plan).

TECHNOLOGY USE

1. Students are not allowed to use school-provided technology to play games without express teacher permission to do so, and only as part of a structured learning/educational experience.
2. Per Board Policy KKB, the use of audio or video recording equipment on district property or at district activities by students is prohibited except:

4. Students found using technology to cheat on assignments or tests, to look up inappropriate videos, pictures, or topics, or to bully other students will lose their technology privileges for a length of time determined by Board-approved school discipline policies, and face other discipline specific to each circumstance. Please refer to the District technology user agreement for additional information regarding allowed and prohibited usage.
5. All students are required to pay a \$20.00 technology fee for technology equipment and services rendered. There is a maximum fee for families with multiple children; please check in the central office for information. Families needing assistance with paying the technology fee should contact the central office.

STUDENT PERSONAL ELECTRONIC DEVICE (CELL PHONE) POLICY

1. Students will be allowed to have and to use cell phones and smart watches during the school day only while in the hallways during passing time and during lunch.
2. Devices should otherwise be powered off or on silent mode.
3. Student use of cell phones or other personal electronic devices (personal music players, electronic devices, smart watches, tablets, or other devices) during class time will be at each individual teacher’s discretion and only with teacher permission.

4. Administration reserves the right to limit any and all student cell phone/smart watch use that does not coincide with the District's mission or goals, or that substantially disrupts the school/learning environment.
5. Misuse of cell phones/smart watches by students will result in teacher and/or administrative disciplinary action in every single instance.
6. MSHSAA has established a no-cell-phone-use policy for locker rooms (including classrooms or other areas used as changing rooms) during all MSHSAA events. The District mirrors this policy in restrooms, locker rooms, and any area used as a changing room before/during/after school, at home or away, to ensure compliance during MSHSAA events.
7. Headphones/earbuds are allowable during non-instructional time, with teacher/principal permission. If a teacher/principal requests headphones/earbuds to be put away, they should be put away.

Subsequent Offenses: Confiscation of device; One (1) day of ISS for each subsequent infraction. Students must check in device to office at the beginning of the school day, each day until all suspensions are served OR parent/guardian may send a note saying device has been left at home each day.

STUDENT DRESS CODE

The Board of Education recognizes the value of allowing individual student expression, as well as the necessity of protecting students' health and safety and maintaining an atmosphere conducive to education. Student dress code procedures are designed with the goal of balancing these competing interests. All dress code procedures will adhere to health and safety codes and comply with applicable laws. Dress that materially disrupts the educational environment will be prohibited.

All students are expected to dress appropriately for the setting. Students' dress is expected to be neat, clean, and in good taste so that each student may share in promoting a positive, healthy, and safe environment within the District.

Parents and guardians should check to ensure their children are wearing suitable/dress code appropriate clothing to school. Students found in violation of the dress code will be required to change clothing. At such time, students will be sent to the office for clothing retrieval from home or school stores, or sent home until they don acceptable attire.

Students who fail to comply will be subject to disciplinary measures.

Administration reserves the right to require **any** student to change their attire when they determine the clothing disrupts the educational process, constitutes a threat to health, and/or is a safety concern. In the event such a determination is made, the student will be required to make modifications to his/her attire.

For ALL students:

1. Examples of **unacceptable** dress are: Bare or socked feet, bare midriffs, open back shirts, spaghetti strap tank tops, muscle shirts, short shorts/skirts, plunging necklines, tube tops, halter tops, off-the-shoulder shirts as stand-alone garments, pajamas/house shoes/slippers (except on principal-approved special occasions), sagging pants, see-through clothing, or that which shows underwear (bras, sports bras, bustiers or corsets worn as tops, boxers, boy shorts, or underwear of any sort) and clothing with profane, inappropriate, or suggestive language (including but not limited to alcohol, drugs, tobacco, pornography, etc.).
2. JH/HS: Shorts/skirts are allowable on the provision that common sense is used during cold weather months. Students should dress for the weather each day and wear appropriate footwear and outerwear accordingly. Students who choose to dress inappropriately for the weather are choosing to lose their shorts privileges until April 1st.
3. Absolutely NO ball caps, stocking caps, novelty hats, other hats, or sun glasses may be worn during school (except on principal-approved special occasions). This includes bandanas or scarves/wraps worn as "do rags" or head coverings. Take them off upon entering the building and store them in lockers for the duration of the day or they will be confiscated.
4. Hoods/hoodies are to remain off heads at all times while in the building.
5. Undergarments are just that....UNDER garments. They are not to show for any reason, whether due to holes in clothing, length of clothing, cut of clothing, transparency of clothing, etc. They are not to be worn as an outside layer of clothing.

5. Hemmed, sleeveless shirts and tank tops are allowable as long as they do not have low cut areas around necklines or arm holes that expose areas typically covered by undergarments.
7. Tattoos are part of a students' personal appearance and shall be subject to regulation (cover up) in regards to inappropriate or suggestive language (including but not limited to profanity, alcohol, drugs, tobacco, pornography, etc.).
8. Proper athletic attire shall be worn in physical education class. Gym shoes are required for P.E. classes and athletic practices, and boots, especially those with metal toes or heeltaps, are not permitted. P.E. clothes are to be worn during P.E. class and no other time. Students who need assistance in purchasing PE shoes should contact the office.
- 9. NO BLANKETS, PERIOD. Wear a coat or jacket if you are cold.**

There may be other types of dress, not specifically mentioned, that is determined to be disruptive to the school environment and may be prohibited. In cases where appearance and dress create problems to the learning environment of the school, the following procedures will be used:

1. The student will be asked to change his/her clothing and refrain from future use of the attire that created the problem. This warning will be recorded.
2. If the student does not change into or have acceptable clothing, the student will be required to wear a substitute article of clothing provided by the school.
3. If dress code violations continue, the student will face consequences under the discipline policy for insubordination, and parents will be contacted.

Student dress considerations apply at school and on all school-sponsored trips. Faculty sponsors of various trips and activities may request a certain dress from students going on a trip or participating in an activity. Students are to adhere to those requests. Students who participate in athletics are subject to their coaches' requirements as to grooming and dress.

BACKPACK USE

1. Aside from school-provided laptop bags, the use of backpacks, large purses, drawstring bags/backpacks, and items of a similar nature is not permitted during the regular school day.
2. Students must store these items in their assigned lockers. If there are extenuating circumstances that require the use of such items, students or parents/guardians are encouraged to speak with the principal for special permission.
3. Trapper Keeper and similar-style zip-closed binder systems, up to 4 inches thick, are allowable.
4. Students will not be permitted into the locker room to retrieve textbooks, notebooks, or supplies needed for class that have been left in the locker rooms except during their regular PE class and before/after school.
5. School-provided laptop bags are not to be used as backpacks, purses, or binders, as this breaks down the bags and substantially reduces their longevity. Laptop bags are provided to transport laptops to/from home/school/class. Students found using their laptop bags as backpacks will be required to pay replacement costs for bags that become unusable.
6. School-provided items, including but not limited to lockers, equipment, laptop bags, etc., are subject to random search without warning by school officials. In addition, student personal items are subject to search when there is reasonable suspicion to

believe these items contain materials or substances prohibited by District regulations or the law.

VALUABLES/PERSONAL ITEMS

1. Valuable property should be left at home. If a large sum of money is brought to school (such as for lunch), it should be immediately taken to the office.
2. The District is not responsible for money or items lost or stolen from school.
3. Students will not bring dangerous items such as knives, lighters, gun shells, firecrackers, etc. to school at any time.
4. Lost articles found in and around the school will be turned in to the office where the owners may claim their property by identifying it. Every year students will bring iPods, cell phones, games, or other handheld electronics to school. These items are often lost or misplaced. It is time consuming for school officials to track these items down. Please understand that these items are discouraged and if students bring them to school, they do so at their own risk and liability.

FOOD/BEVERAGE

1. Water is allowed in school, but only in clear, disposable water bottles or clear, squirt cap-style, refillable bottles.
2. **Tervis, Yeti, or other large style, wide-mouth, travel-type beverage mugs are not to be used during school hours and will be confiscated.**
3. Convenience store/fast-food fountain style beverages are not allowed.
4. Beverages brought from home such as pop, juice, or Gatorade or a drink stick to be added to a water bottle are acceptable at lunch time ONLY and must be consumed and discarded during the lunch hour. For this reason, no beverages greater than 20 oz. are allowed.

6. NO MONSTER or ENERGY drinks.
7. Food to be consumed at lunch is allowed in lockers, providing it is unopened or in properly sealed zip lock bags/storage containers, and lunch bags.
8. Open food is not allowed in lockers or classrooms and is subject to disposal.
9. Snacks for after school practices and activities must remain unopened in original packaging or in properly sealed zip lock backs, storage containers, and lunch bags.
10. **Students are not to bring food/drink (other than allowable water bottles per rule #1) to class. Food/drink will be confiscated.**
11. Breakfast must be consumed either in the gym (if purchased from concession stand) or cafeteria (if school breakfast is purchase) before school.
12. Students cannot take food out of the cafeteria for breakfast or lunch without special permission.

LOCKERS

For hall, locker room, and shop lockers:

1. Locker combinations will be given to students during enrollment.
2. School lockers are school property.
3. Our hall lockers are beautiful and brand new this year and special attention will be given by administration and faculty/staff to ensure students are treating them with care. **Pounding on or kicking lockers will absolutely not be tolerated.**
4. No **OPEN** food/beverages are allowed in lockers.
5. **No stickers** are allowed to be used in or on locker surfaces—magnets, only.

6. Please do not attempt to bypass the locking mechanism, as this will result in a broken locker, disappointed head shaking from your principal, and disciplinary measures to include student/parent paying for damages incurred.
7. Large items that clearly do not fit in the locker need to be stored elsewhere rather than attempting to force them to fit.
8. Students are not allowed to change lockers or use additional lockers without permission of the office.
9. Students who choose to leave their items in unused and unsecured lockers are choosing to have their items go missing. The District is not responsible for lost or stolen items.
10. The District reserves the right to inspect any and all lockers at any time without prior notice.
11. Items found in lockers that are out of compliance with the handbook and/or school policy will be thrown away or confiscated for parent/guardian collection and/or disciplinary measures.
- 12. Do not write on, scratch or deface lockers in any way. **Vandalism of lockers in any area of the school will incur strict disciplinary measures.****
13. Students are not to use their own padlocks unless a copy of the key or the combination is on file with the office. Padlocks with no key/combination on file will be cut off, if necessary.
14. School combination locks **cannot be removed** from locker.
15. Students will not be allowed to use shop lockers except for their designated Ag class times. These should only be used to store changes of clothes for activities such as welding.
16. Lockers are checked at the end of the year. If the locker is damaged, defaced, or broken due to misuse, the student will be required to pay for the damages.

LOCKER ROOMS

1. Locker rooms are intended to be used ONLY for changing in and out of gym clothes for PE classes and for before/after school games/practices.
2. They will be locked at all times other than before/after school and at the beginning and end of PE classes.
3. During the regular school day, they are for use only for students in a specific hour's PE class. Other students will be turned away.
4. Students will not be permitted into the locker room to retrieve textbooks, notebooks, or any other supplies needed for class/personal use that have been left in the locker rooms except during their regular PE class and before/after school.
5. Locker rooms are NOT to be used instead of/in addition to hall lockers for textbook or class material storage, or as additional restroom facilities.
6. Doors to locker rooms that lead directly outside are absolutely not to be opened/used by students during the school day, or before/after school without express teacher/coach/principal consent and supervision. Additionally, they are not to be used to enter the building at any time **or** as an alternate exit to the building at the end of the day.
7. School technology, including but not limited to iPads, laptops, and cameras, is NOT ALLOWED in the locker rooms for any reason. These items may be stored in your hall locker, or a basket designated for this in the office or stage, during your PE time. Students found storing school technology in the locker rooms will be subject to the discipline policy for a technology violation.

8. In addition, students' personal electronic devices and/or any other devices that are capable of video and/or audio recording or playback are NOT allowed to be IN USE in the locker rooms/any area used as a changing room (or restrooms) for any reason and will be confiscated upon the first offense, with discipline measures to follow. This is also a MSHSAA policy, and further discipline measures may be enforced for offenses occurring at ANY MSHSAA event.

LIBRARY REGULATIONS

1. Two books may be checked out for one week.
2. They may be renewed one time, unless special permission is granted by the librarian.
3. Students will incur library fines for overdue books.
4. Reference books are to be used only in the library during school hours, unless a teacher has checked them out for classroom use.
5. Reference materials may be checked out overnight, IF they are checked out after classes are done for the day and returned the next morning before classes begin.
6. The library is to be used as a study area, only, and the librarian must be present.
7. Students will obey the librarian and library rules.
8. Students will follow the librarian's directions to return school-provided technology stored in the library in a neat and orderly manner when directed to do so.

CONCESSION STAND

1. The concession stand being open in the morning is a **privilege** and not a right. Misuse by students, including leaving trash in areas other than trash cans, eating and drinking in prohibited areas or during prohibited times, sale of items out of compliance with the Smart Snacks for Schools program through the USDA, or other acts deemed by administration as misuse will result in long- or short-term suspension of concession stand privileges of individual students, closure of the concession stand before school, and/or other disciplinary measures as deemed necessary and appropriate by administration.
2. Students are not allowed to be in the concession stand without a faculty/staff member at any time. This does include scheduled work times before school.
3. Students are not allowed to have the key without adult supervision present.
4. Trips to/purchases from the concession stand by students during the school day are expressly prohibited, except with special permission from the principal for exceptional circumstances.
5. The Smart Snacks in School regulation from the USDA applies to food sold a la carte, in the school store (concession stand), vending machines, and any other venues where food is sold to students. Items sold at the concession stand before school and up to 30 minutes after school (until 4:15 pm) must meet specific nutrition guidelines. Selection during these times may be limited.
6. Concession stand workers must use food handling safety practices at all times.

EMERGENCY/EVACUATION PROCEDURES

1. Fire or Explosion: Evacuation procedures and plans are posted in each room. When the building is evacuated for fire, all students should move to the designated area as quickly and quietly as possible. The teacher will then take roll and a report is made to the principal. Drills will be conducted in accordance with school laws and guidelines.

2. Storm: When threatening weather is in the vicinity, close observation of conditions as well as communication with local warning sources will be exercised. Should tornado warnings be received or a storm sighted, all students will be instructed to take shelter in their designated shelter areas. Drills will be conducted in accordance with school laws and guidelines, and shelter procedures/plans will be posted in each room.
3. Intruder/Shelter: These protocols will be established by the School Safety Team. Drills will be conducted to ensure students are familiar with safety practices and procedures.
4. Teachers are responsible for making sure all students in their respective classrooms/supervision areas understand the emergency evacuation and shelter plans.

SCHOOL CLOSINGS/INCLEMENT WEATHER

In case of inclement weather, school closing announcements can be heard on the following stations:

KMAM 1530 & 92 FM: Butler, MO

WDAF TV Channel 4

KCTV TV Channel 5

KMBC TV Channel 9

*School Reach: Please ensure all contact information (phone numbers, emails, text numbers) are up to date with the school. This will help you receive school-related messages in a timely manner.

HEALTH SERVICES

The school nurse supervises health services for the District. She is generally on campus two days per week, with school secretaries or other staff trained in basic health services available to assist students on days the nurse is not on campus. A hall pass from a teacher is needed when going to the nurse's office except in an emergency. The rest rooms are not adequately equipped to serve ill students and should not be so used. Injured students should be accompanied by a staff member. In the event of an emergency, notify the office immediately. The nurse's office maintains copies of student health forms required by the district. This includes a health update form that is distributed in registration packets and required for parent/guardian(s) to fill out annually. Medical history noted on the health update form may require further documentation. Physician documentation (including an emergency action plan) is required for all significant diagnoses such as: asthma, food allergy, seizure, diabetes, and others. Please be advised that without this necessary documentation we cannot ensure proper care for the health and safety of your child at school unless these health forms are filled out properly and returned.

IMMUNIZATIONS

According to Missouri law regarding student immunizations, all students must provide satisfactory evidence of immunizations required by the Missouri Department of Health before or upon enrollment. Non-compliance will result in consequences mandated by Missouri law.

ILLNESS/CONTAGIOUS DISEASES

If a student becomes ill or is seriously injured during the school day, the school will make every effort to contact the parent/guardian. The emergency phone number listed for the student will be called if a parent/guardian cannot be reached. Medical or other information pertaining to the student and situation will be shared with emergency contacts as necessary. Please keep the school advised of any changes in phone number or emergency contacts.

Students contacting parents/guardians via cell phone in order to be checked out to go home, without office/nurse knowledge/permission, will receive a cell phone violation according to the Board-approved discipline policy/handbook. Students **must** be cleared through the nurse's office or high school office to receive permission to check out.

“It is unlawful for any child to attend a public school in Missouri while afflicted with any contagious or infectious disease, or while liable to transmit such disease after having been exposed to it” (Missouri Statute 167.191).

Parents should keep students home from school if they have a temperature or other symptoms or illness. An ill student may not return to school until the student:

1. Has been fever free for 24 hours without the use of fever-lowering medication. A fever is defined as a temperature of 100 degrees or higher orally.
2. Has been free of vomiting or diarrhea for 24 hours after the last episode of such.
3. Is free of continuous coughing.

MEDICATION

In an effort to provide for the health and safety of students by avoiding the misuse of medication, the following procedures apply for dispensing prescription and non-prescription medications in the Miami R-I School District. If at all possible, please keep drugs to be dispensed at school to a minimum. These rules are intended to promote the well-being of all students. It is the responsibility of students' parent/guardian to provide appropriate medication for their children. No medication will be given unless/until these steps are followed.

All Medications

- A. Parent/guardian or student must bring all medication to the office when he/she arrives.
- B. Prescription and/or non-prescription drugs (aspirin, cough drops, etc.) should be in a proper container, with the name of the medication, amount, and time it is to be administered.
- C. Consent form must be on file, signed by doctor (for prescription medications), and consent form on file signed by parent/guardian (for ALL types of medication). If these forms are not on file, parent/guardian must administer the medication to their own children.
- D. Medication is kept in the nurse's office at all times.
- E. No medication will be given past the expiration date on the container.

Injectable Medications

- A. If a medical condition exists requiring injectable medication, whenever possible the student should self-administer the medication.
- B. If the nurse, secretaries, or other trained staff are unavailable, the parent will be responsible for making other arrangements.
- C. If the injectable medication is required in an emergency and the nurse/assistant/secretary is unavailable, school personnel will call 911.
- D. A prescription label or written order from the prescribing physician and a signed medication authorization form is required for the administration of all injectable medication.

Emergency Medication

Each school may be equipped with an epinephrine auto-injector, more commonly known as an Epi-Pen. In the event of anaphylaxis (a life-threatening allergic reaction that may be triggered by a food allergy, insect bite, or drug allergy), the Epi-Pen will be used by the school nurse/assistant/designee and 911 will be notified. The stock epinephrine will be available for students with no prior diagnosis of anaphylaxis or in cases of known anaphylaxis where personal medication on hand is found to be flawed. District stocked epinephrine, when available, remains in the locked medication cabinets at all times.

Emergency Medication for Field Trips

Students' personal emergency medications such as an epinephrine auto injector (Epi-Pen) must accompany the student on all scheduled field trips. This includes only those emergency medications that the Missouri State Board of Nursing has deemed allowable to delegate its administration by a non-health provider such as a teacher. The parent is responsible for providing emergency medications to the school. If the emergency medication has not been provided or is expired, the student may not attend the field trip.

LIFE THREATENING ALLERGIES

The District must have on file any and all medical documentation pertaining to students' life-threatening allergies. Please contact the school nurse ASAP in regards to this issue.

ILLNESS AND INJURY RESPONSE AND PREVENTION

District personnel will provide appropriate first aid and emergency treatment, and contact emergency medical services (EMS) when appropriate, for any individual who is injured or becomes ill while on district property, on district transportation or at a district activity. Further medical attention, including the cost of services provided by EMS, is the responsibility of the individual unless otherwise required by law. (Policy EBBA)

The school district does not provide medical insurance to automatically pay for medical expenses when students are injured at school. This is the responsibility of the parents or legal liability insurance.

ACTIVITY RESTRICTIONS

If a student is unable to participate for a short time (generally a week or less) in physical education class/recess or if restrictions exist, a written note should be sent to the teacher/physical education teacher. The note should be dated and signed by a parent or guardian and state the reason for exclusion and specify any restrictions. If the situation is long term, a physician's statement will be required. Responsibility for relaying restricted activity to school staff rests with the parent/guardian. Parents/guardians may be asked to provide a physician's statement at any time. The physician's statement must be updated at the beginning of each school year.

HEAD LICE

1. Head lice screenings will be conducted as needed by the school nurse or other trained staff.
2. If nits or live lice are found, the parent/guardian of the student will be notified verbally and/or in writing.
3. Any student found with live lice will be sent home at that time.
4. Any student found with untreated nits will be sent home at that time.
5. Re-admittance occurs only after the student is treated with lice shampoo or another approved product, and all nits are removed by parent/guardian. This must be verified by the school nurse or another trained staff member before the child can return to class. Therefore, parent/guardian must accompany the student upon return to school each time a re-check is completed.
6. If head lice cases are not resolved and/or parent/guardian has not made considerable effort to get the student back in school in a timely manner, a hotline call may be made by the school based on possible educational neglect.
7. All absences for head lice are unexcused.

STUDENT PERSONAL DATA

Student personal data is kept on file in the office. All students are required to have on file a current address, home phone, parent/guardian work numbers, as well as the names, phone numbers, and addresses of two persons whom the school can contact if parents cannot be reached. If address or phone number(s) change during the school year, please inform the office ASAP.

PROM ELIGIBILITY

1. Dropouts and students under 9th grade/over age 20 are not eligible to attend Prom.

3. Bill payments are non-refundable if a student becomes ineligible for Prom.
4. No student who receives a failing grade of F in the grading period immediately preceding Prom shall be eligible to attend. (For Prom purposes, "grading period" is defined as the quarter grade [generally 3rd quarter grade] or mid-term progress report [generally 4th quarter mid-term] occurring nearest to Prom.)

5. Student behavior and discipline infractions/history, particularly those involving issues that threaten the safety of the student or others, will also be used to determine Prom eligibility on an as-needed, per-student basis.
6. Juniors, in addition to the grade requirements for Prom eligibility, will also need to fulfill any class/fundraiser obligations.
7. Juniors may also be required to pay a refundable setup/cleanup fee determined by the sponsors, in conjunction with administration, in order to leave class to decorate before Prom. This fee will be refunded after students meet their setup/cleanup obligations per their sponsors.

Students needing to miss ANY part of the required day (including advisory) must have this absence cleared by the principal IN ADVANCE.
9. Guests are under the responsibility of the students bringing them and must remain with the student who registered them. As guests, they are subject to the same rules and policies as Miami students.
10. If there is an indication that a student has used alcohol, tobacco, or a controlled-substance upon arrival, admittance will be denied and parent/guardian will be contacted as well as law enforcement.
11. Any action by any student that creates difficulty for the total well-being of the dance will be considered in violation of school policy and will be asked to leave or law enforcement will be called.

SENIOR CLASS TRIP ELIGIBILITY

Seniors will be allowed a trip at the end of the school year. Location and itinerary will be determined by the class and sponsors (must be Board-approved), in accordance with students' success in fundraising and paying for a trip. The administration and Board of Education have final approval over all aspects of the trip. Eligibility and rules for Senior trip are as follows:

1. Seniors cannot miss more than EIGHT (8) days PER YEAR to be eligible to participate in the Senior trip. Tardies are included in this total, and will be closely monitored and documented to ensure compliance. It cannot be said enough: EVERY 4 TARDIES IS EQUAL TO ONE FULL DAY OF ABSENCE. (One tardy = $\frac{1}{4}$ of an absence.) Advisory absences/tardies DO COUNT in this total! *Note: In rare instances, minor allowances may be made by administration for extended, documented illness or other special circumstances.
2. Seniors who receive a failing grade of "F" in any class (including advisory) on their 3rd quarter grade card preceding the trip shall be ineligible to attend.

Students must participate in all Senior class fundraisers, including but not limited to meeting concession stand work quotas, Amsterdam Jubilee work, Senior auction, and other sales, at a level determined by class sponsors. Full or partial payments may be required for students who do not participate fully, as determined by sponsors/administration.
5. Students shall not have ANY outstanding bills at the end of 3rd quarter and leading up to the trip after 3rd quarter.
6. Payments are not refundable is a student becomes ineligible for the trip at any point, for any reason.

STUDENT VEHICLE/PARKING REGULATIONS

The District allows driving on district property and parking in designated areas on district property for the convenience of students, employees, and visitors to District facilities. Driving and parking on district property are privileges, NOT rights.

1. Administration has the authority to prohibit ANY person from driving or parking on district property and may direct ANY person to move his or her vehicle.
2. Any behavior or item prohibited in school (including, but not limited to: weapons, alcohol, drugs, and tobacco products) is also prohibited in district parking lots on district property.
3. When necessary, the District will request assistance with traffic control from local law enforcement.
4. Students who drive to school must park in "student" designated parking areas located on the far south side of the parking lot and perpendicular to the staff parking area. (Please observe the "No parking" area closest to staff parking, designated by white paint.) *Note: students are not allowed to park by the shop or in any other area besides the student parking lot specified.
5. "Student of the Month" parking is reserved ONLY for Students of the Month (or the student who drives them to school). Parking areas directly beside the Student of the Month spot are not for students.
6. Student drivers must obtain a district-issued parking permit issued by the office and display it at all times on campus.

HALL PASSES/HALL DECORUM

1. Students shall have four (4) minutes between classes to use the restroom and attend to all other business. This should be plenty of time for the majority of day-to-day needs, but it does not allow for a great deal of social time. Plan accordingly.
2. Students are asked to please be mindful of the fact they share many common areas of the school with impressionable elementary students. Foul language or inappropriate gestures or topics of conversation for the school setting are not permitted. Please be especially aware of young students in the library, gym, art, music, and cafeteria. Keep transition noises to a minimum. Please do not scream, yell, or rough house during transition times.
3. Students must use a hall pass on each occasion they must leave the classroom during class time. Students may be stopped in the hall by any staff member and asked to present their hall pass. Students out of class without permission will be subject to each individual teacher’s classroom management plan and may also be considered truant at school.
4. Students should not loiter in the hall before or after their lunch period. Get to lunch, eat, and then get straight to your next class. If you need to use the restroom, let the teacher know or you will be counted tardy.

ASSEMBLIES

Assemblies are considered a part of the curricular program and are designed for student participation and disseminating information to the student body, as well as for bringing in speakers or talent which serve educational purposes. Since assemblies are part of the regular program of the school, attendance is required; teachers must sit with or near their assigned classes. One of the educational values which comes from assemblies is proper training in appropriate behavior. Students are expected to conduct themselves in a manner which will not disturb others who wish to enjoy the programs. Students who cannot maintain appropriate, polite audience behaviors when an assembly calls for them will be removed from the assembly to sit in the office. Students are not to have cell phones out during assemblies for any reason without prior principal approval.

Students will be classified according to the number of credits they have earned. Requirements are as follows:

CLASSIFICATION: CREDITS EARNED: VO-TECH STUDENTS:

Freshman	0	0
Sophomore	5	5
Junior	12	12
Senior	19	18

Grade placement will be determined at the time of enrollment. Students will not be promoted at the semester change.

SCHEDULE CHANGES

Students will have the first 2 days of each semester to change classes. No schedule changes will be made after this time except with extenuating circumstances. Students who wish to make schedule changes must first go to the counselor for a schedule change form, which will require teacher and parent/guardian signatures. Certain classes, such as Spanish, are unable to be dropped or added mid-year. Not all class changes will be approved due to student numbers, student scheduling, etc.

****Students attending Nevada Regional Technical Center (Vo-Tech): A student who drops out of Vo-Tech after the first full week of Vo-Tech will be responsible for that semester's tuition, on a pro-rated basis.** The student must then be put in

classes at school and be required to make-up assignments as determined by the teacher.

MAKE-UP ASSIGNMENTS

1. Completion of make-up work is the responsibility of the student. It is the student's responsibility to make all necessary arrangements for needed work with his or her teachers.
2. Students will be expected to make up all assignments from missed classes, regardless of whether an absence is excused or unexcused.
3. The accepted practice for missed classwork is to receive one day for each day missed. Each teacher may extend limits in which missed work may be completed at his/her discretion.
4. If a student is to be absent for an extended time, the office may be contacted to collect homework assignments from teachers. If the absence will require several weeks, a home bound teacher may be assigned, with proper medical documentation, per parent request and administrative approval.
5. Students on class trips or leaving for school-sponsored activities should ensure they have visited with each teacher and gathered the day's work/homework assignments BEFORE leaving for the activity, and have turned in any previously assigned work due the day of the activity. Students will then be provided one day to get the work assigned during the activity turned in as with regular absences, unless an individual teacher has granted more time. Students in school-sponsored activities will be provided alternate assignments in lieu of receiving a zero for not being present to earn any participation points assigned in their absence.
6. Students who are absent from class without permission (ex: to assist in other school activities which they have not been excused to assist with) will be counted absent, a truancy referral may be made, and a zero may be assigned for any work turned in/assigned during the missed class period(s).
7. Late work will not be accepted after the quarter ends unless extenuating circumstances have been approved by administration. Individual teachers may assess other late work penalties in accordance with their personal classroom management plans.
8. OSS may negatively impact a student's grades, as with any other class absence, due to loss of instructional time.

GRADUATION REQUIREMENTS/CONSTITUTION REQUIREMENTS

All seniors must be enrolled in a minimum of two core classes for both first and second semesters, and must meet passing requirements for both classes. Eight semesters of attendance are required by the District to meet graduation requirements. All students are required to enroll in 7 classes per semester, plus advisory, with the exception of Vo-Tech students, who must enroll in 6 classes per semester (including those taken at Vo-Tech) while participating in the Vo-Tech program.

The following graduation requirements apply*:

Communication Arts:	4 units
Social Studies:	3 units
Mathematics:	3 units
Science:	3 units

Practical Arts:	1 unit
Fine Arts:	1 unit
Physical Education:	1 unit
Health Education:	.5 unit
Personal Finance:	.5 unit
Electives:	9 units (*7 units for Vo-Tech students)
Total units required for graduation for Miami R-I students (Non-Vo-Tech): 26 units*	

*If a student is enrolled through the district in a vocational program located outside the district, and the student completes the program, the district will only require the student to meet the minimum state graduation requirements, as set by the State Board of Education, to graduate from the district. This is currently 24 credits.

ALL students must satisfactorily complete the following prior to graduation:
US Constitution
Missouri Constitution
Civics Exam (beginning with students who were freshmen the 2017-2018 school year)

REPORT CARDS/GRADES/FINAL EXAMS

1. Report cards will be issued at the end of each quarter. Grades will be reported as letter grades, only.
2. Only the semester average in letter form will appear on the permanent record.
3. Final examinations will be given at the end of each semester, while quarterly examinations will be given at the conclusion of both 1st and 3rd quarters.

HONOR ROLL

Students who earn all “A”s will be recognized on the Superintendent’s All “A” Honor Roll each quarter. Students who earn all “A”s and “B”s will be recognized on the Principal’s “A/B” Honor Roll each quarter.

ACADEMIC LETTERS

The District, believing that academic achievement is the very foundation of education, has established guidelines for the awarding of an academic letter. This letter will recognize those students who excel in academics. Guidelines are as follows:

1. Student must be a second semester sophomore to be eligible the first time, or, if a transfer student, must complete three (3) semesters at Miami R-I.
2. At any time after the three (3) semesters for transfer students, or during the second semester of the sophomore year, a student may become eligible if they meet the following criteria:
 - a. Have a 3.0 overall GPA, with no “F”s for three (3) consecutive semesters.
 - b. Cannot miss more than 6 days per semester for each of the three (3) consecutive semesters used in computing the GPA.
3. Each year, the list of recipients who qualify will be compiled after the first semester. Those who qualify will be announced at the academic banquet, and letters will be awarded for the first year. In succeeding years, if the student maintains a 3.0 GPA and absence criteria are met, he/she will receive a bar.

VALEDICTORIAN/SALUTATORIAN

The Valedictorian will be the graduating senior with the highest GPA for the 4 years of high school. The Salutatorian will be the graduating senior with the second highest GPA for the 4 years of high school. All classes are included, and the 4-point scale is used, calculated to four decimal places. If there is a tie, both or all students who are tied will be honored. To be eligible for Valedictorian or Salutatorian, students must have been full-time Miami students for the final two semesters leading up to graduation. The Valedictorian and Salutatorian will not be figured until final transcripts have been computed.

REQUIREMENTS: INTERSCHOLASTIC/EXTRA/CO-CURRICULAR ACTIVITIES

Student participation in interscholastic and extra/co-curricular activities is a privilege. This includes all academic, athletic, and club activities such as, but not limited to FBLA, FCCLA, FFA, cheerleading, all sports, etc.

1. ALL state requirements must be met at all times for interscholastic participation.

For Grades 9-12:

- A. Semester prior to participation: Students must have earned, the preceding semester of attendance, a minimum of 3.0 units of credit or have earned credit in 80% of the maximum allowable classes in which any student can be enrolled in the semester, whichever is GREATER, at their school. OR, a student must have made standard progress for his or her level the preceding semester in a special education program for students with disabilities, approved by the MO Department of Education, which, though ungraded, enrolls pupils of equivalent age.
- B. For their current semester, students must be enrolled in and regularly attending courses that offer 3.0 units of credit or 80% of the maximum allowable credits which may be earned at their school, whichever is GREATER.
- C. Credits earned or completed after the close of the semester will not fulfill this requirement. Summer high school courses for FALL academic eligibility may count provided the course is necessary for graduation or promotion or is a core subject course, and credit is placed on the school transcript. No more than one unit of credit in summer school shall be counted toward fall eligibility.
- D. Students promoted for the first time into 9th grade are considered academically eligible for the first semester after promotion. After the first semester, regular eligibility requirements for their grade level will be utilized.
- E. Students should not drop courses without first consulting with the principal, athletic director or counselor to determine whether doing so will affect their eligibility.

For Grades 7-8

- A. Students must be enrolled in a normal course load for their grade level at the member school.
- B. Students will be ineligible if they failed more than one class the previous grading period.
- C. Students must have been promoted to a higher grade prior to the first day of classes for the new school year.

- D. Students promoted for the first time into 7th grade are considered academically eligible for the first grading period after promotion. After the first semester, regular eligibility requirements for their grade level will be utilized.

2. Local requirements have added standards that must be met and maintained for participation eligibility:

- A. A student with more than one semester final course grade of “F” is ineligible for the next semester. No exceptions.
- B. All classes, including electives and advisory, will count in determining eligibility.
- C. Random grade checks will be completed by the Principal, Athletic Director, or other designee at least once per month. Students at-risk of ineligibility (those with any grades of “D-” at the time of random grade checks and/or mid-term progress/quarterly grade reports) may be required to participate in school-provided tutoring for an amount of time determined by the principal/AD/designee.
- D. If it is determined through grade checks, mid-term progress reports, or quarterly grade reports that a student’s grade in any class has fallen to an “F” during the semester of participation, the student immediately becomes ineligible for the duration of the semester. She/he may be required to complete district remediation strategies, including but not limited to school-provided tutoring to regain eligibility for the next semester.
- E. Chronic, persistent academic jeopardy, chronic tardiness, absenteeism, truancy, and/or chronic behavior infractions or those resulting in ISS/OSS will require administrative intervention and may lead to ineligibility for an amount of time to be determined by administration.
- F. A student who is absent from ANY class or partial class, including advisory period, shall not be considered eligible to represent the school in athletic or academic contests, or club activities on that date, and cannot represent the school until he or she attends a full day of classes, unless PRIOR approval has been granted by the administration for the absence. For activities that take place on the weekend (Saturdays, Sundays, or Mondays when school is not in session), students must be in attendance the last full day of school preceding the break, unless PRIOR approval has been granted by the administration for the absence.
- G. A student who is not in attendance for AT LEAST ½ a day will not be eligible to practice on the same day, unless PRIOR approval has been granted by the administration for the absence. For practices that take place on the weekend (Saturdays, Sundays, or Mondays when school is not in session), students must be in attendance AT LEAST ½ a day the last day of school preceding the break (typically a Friday), unless PRIOR approval has been granted by the administration for the absence.
- H. Attendance Rate: School attendance is vital for students’ academic success. Attendance profiles will be pulled at the same time as grade checks. Students must maintain at least a 90% attendance rate in ALL classes (including tardies, including advisory) throughout the school year in order to remain eligible for ALL activities and trips (sports, clubs, math, art, music, or any other organizational trip). Please note that every four (4) tardies = one (1) absence. Special considerations **may** be made for exceptional circumstances, with prior administrative approval. However, this will be the exception and not the rule.

- I. Students participating in a sports co-op may be subject to additional requirements as stipulated by the co-op partner school.

*Please refer to the current Student Activities Handbook as well as the current MSHSAA Official Handbook for any additional requirements. Specific clubs and organizations may have more stringent rules.

GOOD CITIZENSHIP REQUIREMENTS

As representatives of the District, students are expected to conduct themselves appropriately and engage in high levels of good citizenship. You must be a credible citizen. Credible citizens are those whose conduct—both inside and outside of school—does not reflect poorly upon themselves or their school. Conduct involves self-control, and must be satisfactory in accordance with the standards of good discipline. Thus, discipline infractions (including those incurred from tardies/truancy/etc.) will be considered when determining student eligibility or continued eligibility for all interscholastic/extra/co-curricular activities, as follows:

1. Student discipline infractions resulting in detentions (including Private Dining/before/after school detentions) may result in loss of any practice scheduled for the date/time the detention is served, as practices will not be scheduled around.
2. Student discipline infractions resulting in In-School Suspension (ISS) result in loss of practice/game/activity participation (if scheduled) for the date(s) the ISS is served. This includes same-day, before or after school practices/games/trips.
 - a. Students may attend team practices and games (if scheduled) but must sit on the bench on the same day(s) ISS is served.
3. Students on ISS may attend games/activities (if scheduled) as spectators, on the same day(s) ISS is served.
4. Student discipline infractions resulting in Out-of-School Suspension (OSS) result in loss of practice/game/activity participation (if scheduled) UNTIL the OSS is FULLY served.
5. Students on OSS may not attend any games/practices/activities as spectators, or be on school grounds for **any** reason, including to drop off/pick up siblings or homework, UNTIL the OSS is FULLY served. Parents will need to make alternate arrangements for homework/siblings.
6. OSS is not over until 8:00 am the next regular school day after the last day of OSS assigned is served. Therefore, students on OSS on a Friday are not eligible to attend any school activity at home or away during the weekend or on non-school Mondays.

In addition to the specifics noted above regarding detentions and suspensions, the following information should be noted:

1. Sportsmanship: The District believes students must demonstrate positive behavior on and off the field of play. Students who receive technical fouls, ejections from contests, or other discipline for unsportsmanlike conduct at/during/before/after athletic contests will receive consequences as noted in the current Student Activities Handbook. In addition, students who fail to represent themselves, their teachers, coaches, sponsors, administrators, other students, or their school positively online (social media) or offline will be subject to disciplinary consequences at the discretion of their sponsor, teacher, and/or principal.

2. Student Hazing: Hazing is inconsistent with the educational goals of the District and poses a significant risk to the physical and mental welfare of District students. Hazing of students, on or off District property, is strictly prohibited and will result in Board-approved disciplinary measures, including, but not limited to restriction from activity/athletic participation.

3. Bullying: Student/adult bullying and cyber-bullying are considered serious violations of the good citizenship requirement. All types of bullying perpetrated by students against other students or adults, on or off school property, is inconsistent with the educational goals of the District and poses a significant risk to the physical and mental welfare of the District, as a whole. All types of bullying, on or off school property, will not be tolerated, and will result in suspension from school and from activity/athletic participation in accordance with Board-approved discipline policies.

4. Students as Role Models: As a District with the unique opportunity to house preschool through twelfth grade all in one small building, we must ensure that all students receive an age-appropriate social experience. Student use of profane or vulgar language or behavior in the cafeteria, hallways, gym, and other common-use areas in which young children are likely to be encountered is strictly prohibited, and is subject to Board-approved discipline policies. In addition, individual teachers may have their own classroom policies in relation to profanity/vulgarity, and students are expected to honor those at all times. Secondary level students exhibiting good citizenship are expected to be positive role models for our youngest patrons.

FURTHER NOTES ON SPORTSMANSHIP

Students are urged to respect the following rules and model the following behaviors for non-school guests at all school events, at home and away. As students of Miami R-I High School, we urge each spectator to:

1. Avoid actions which will offend or embarrass any individual athlete/participant.
2. Regard game/contest officials as fair, accept their decisions as final, and treat officials with respect.
3. Respect the property of our school and other schools.
4. Encourage your team, rather than "Boo" the opponents or officials.
5. Refrain from actions which will call attention to yourself as a spectator, on the bench or bleachers.
6. Treat the opponents' coaches, players, and fans as honored guests.
7. Show appreciation of good play by both teams.
8. Accept the decisions and judgment of the coaches.
9. Be modest in victory and gracious in defeat.
10. Attempt to maintain an atmosphere of good sportsmanship at all times. This includes how you represent yourself, your team, other students, your coaches, your teachers, your administration, and your school online (social media) or offline.

NATIONAL HONOR SOCIETY ELIGIBILITY

See the Student Activities Handbook for information.

STUDENT COUNCIL/CLASS OFFICER ELIGIBILITY

See the Student Activities Handbook for information.

GRADUATION/PROMOTION CEREMONIES

1. Students will not be allowed to participate in graduation ceremonies, including 8th grade graduation, until all bills are paid.
2. 8th grade students who are absent 8 or more days for the school year will not be allowed to participate in the 8th grade graduation ceremony.
3. 12th grade students who are absent 8 or more days for the school year will not be allowed to participate in the Senior graduation ceremony.
4. Please remember: Every 4 tardies = 1 absence. This DOES include advisory.
5. Administrative exceptions to this policy will be considered for very special circumstances, on a per-student basis. This may require Board action.

7TH AND 8TH GRADE RETENTION POLICY

7TH and 8TH grade students must meet the following criteria in order to be promoted to the next grade:

1. No student will be promoted who fails 4 (1/2 units) of the 8 core requirements. The 8 core requirements are comprised of 2 (1/2 units) each of English, Math, Science, and Social Studies for first and second semester. Any 4 (1/2 units) of the core requirements failed cumulatively over the course of the school year will result in student grade level retention.
2. Per School Board policy: “Retention may be considered when, in the judgement of the professional staff, it is in the best educational interest of the student involved. Parents/Guardians will receive prior notification and explanation concerning the retention. However, the final decision will rest with the school administration.”

INDEPENDENT STUDY REQUIREMENTS

Independent study is limited to juniors and seniors. Permission must be secured from both the teacher and the principal, and must be supervised by a certified teacher. Only one (1) credit may be earned per year. A minimum of 75 hours of instruction per semester must be documented to receive a ½ credit. An entry must be recorded in a school grade book for each hour of attendance, and examinations will be required to make the course meaningful. Independent study classes, for the most part, will be scheduled before or after the regular school day.

CORRESPONDENCE COURSES

Correspondence courses may be available to those students who fail to meet high school graduation requirements. The principal will use his/her judgment concerning specific requests related to correspondence courses. The following are general guidelines concerning correspondence courses:

1. Students must have been unsuccessful in the same course offered at Miami (received a grade of “F”) to receive consideration for approval of a correspondence course.
2. The course must be taken through an accredited high school or college approved by the school. Catalogs are available in the counselor’s office.
3. Request for a course must be made in writing to the principal and have prior approval before enrolling in the course.
4. The District will only give credit on approved courses—no grade will be recorded. Credit will not be recorded until successful completion of the course. A listing of approved courses is available in the counselor’s office.

5. Two (2) credits are the maximum allowed by correspondence from the freshman year through the senior year.
6. ALL expenses for correspondence courses are the student/parent/guardian responsibility.
7. Either the principal or counselor of the District will supervise any/all correspondence course testing.

WEIGHTED CLASSES

High school weighted classes, when offered, include Algebra II, Math Analysis, Calculus, Spanish II, College Prep English, Chemistry I, and Physics. These weighted classes have .3333 point added to the 4-point grading scale. Dual credit and Dual enrollment college classes have .6667 point added to the 4-point scale. Any grade below a C- will not be weighted.

VO-TECH

Enrollment and participation in the Nevada Regional Technical Center (Vo-Tech) program is a privilege and requires the District to pay for instruction at a higher cost as compared to our in-house program. Each student earns the privilege to attend Vo-Tech as follows:

1. Students may only have one "F" over their cumulative high school career in order to be eligible to attend/continue to attend Vo-Tech.
2. Students must meet all subject/credit requirements. Students who are behind on the credit schedule may be denied the privilege to attend/continue to attend Vo-Tech.
3. Students must maintain good attendance (which will be monitored) and good behavior reports from teachers.
4. Students must make an effort to do the best they possibly can to learn and make good grades in all subjects taken.

Notes:

1. Students who do not maintain academic, attendance, or behavioral expectations will not be allowed to continue the Vo-Tech program, and will be required to pay back tuition on a pro-rated basis.
2. Vo-Tech requires that students have the ability to read, write, communicate, and have the ability to interact with peers. Students with disabilities will have services in compliance with their IEP/504.
3. A limited number of students may attend Vo-Tech for three (3) credits each year beginning the 11th grade year. Based on having met all required credit needed by the end of the tenth (10th) grade, the student may apply for possible attendance to Vo-Tech. Students will be selected by the administration and recommendations will be made to the School Board based on: numbers, budget, student needs, and the student's record for final consideration for attendance.
4. All students attending Vo-Tech are to ride in the school van both to and from their classes each day. Students may be given permission to drive to classes under the following situations:
 - A. A student needs to take projects or materials to Vo-Tech by means of private transportation.
 - B. Appointments with doctors, lawyers, etc. on a sporadic basis, with prior principal approval.

- C. Field trips which require the student to be at Vo-Tech prior to the van arriving.
 - D. Permission will be given on an emergency/limited basis only.
 - E. APPROVAL BY THE PRINCIPAL MUST ALWAYS BE OBTAINED BEFORE USING OTHER TRANSPORTATION.
 - F. Students who are granted permission to drive themselves to classes in Nevada are not to provide transportation to other students without the school's permission as well as that of all involved parents, in writing and on file in the Miami office.
5. Students who miss the Vo-tech van, for any reason, are to report to the principal.
- A. Students will not be allowed to drive themselves to Vo-tech.
 - B. Parent may be called to provide transportation to Vo-tech.
 - C. Student may remain at the high school building and be assigned extra-duties around school.
 - D. Missing the van more than 3 times may result in removal from the program.
 - E. Students with IEPs or 504 Plans may have additional considerations related to transportation, as outlined in their individual plans. These considerations will be followed in place of or in addition to the general rules noted above, as appropriate.

A+ PROGRAM

Miami R-I freshmen and sophomores are eligible and encouraged to sign up for the A+ Schools Program. The A+ Program is administered by the Missouri Department of Higher Education (MDHE), and may provide students with the opportunity to attend postsecondary education at a lower cost. Students who graduate from a designated A+ high school may qualify for a state-paid financial incentive to attend a public community college or career/technical school in Missouri if the students successfully meet specified program requirements found in the Student Activities Handbook. The district will follow the requirements in effect each school year, as established by state law and by regulations for implementation and administration of the A+ Program provided by MDHE. Currently, these read as follows, but students must go by the requirements in effect during their attendance:

1. Attend a designated A+ high school for any three years immediately prior to graduation.*
2. Graduate with an overall grade point average of 2.5 or higher on a 4.0 scale or the equivalent on another scale.
3. Have at least a 95 percent attendance record overall for grades 9-12.
4. Perform 50 hours of unpaid tutoring or mentoring, of which up to 25 percent may include job shadowing.
5. Maintain a record of good citizenship and avoid the unlawful use of alcohol and drugs.
6. Beginning with the high school senior class of 2015, achieve a score of proficient or advanced on the official Algebra I end-of-course exam or, prior to receiving A+ tuition reimbursement, complete the first semester and a minimum of 12 credit hours or the equivalent with a 2.5 grade point average at a postsecondary institution.
7. Perform all other duties and obligations required by state law to be eligible for and receive the benefits of the A+ program.

* Students who are active duty military dependents and students who are dependents of retired military personnel who relocated to Missouri within one year of the date of retirement from active duty are excused from this provision if the student attends a designated A+ school in the school year immediately preceding graduation and has met all other eligibility requirements.

ATTENDANCE

ATTENDANCE POLICY

1. All students are expected to attend school regularly and to be on time for all classes in order to receive maximum benefits from the instructional program and to develop the positive habits of punctuality, self-discipline, and responsibility. Attendance improvement will be an area of focus for the District this school year.
2. The primary responsibility for good attendance rests with parents/guardians and students.
3. Parents/guardians are urged to schedule medical/dental and other appointments outside of the regular school day to minimize lost class time.
4. If a student is absent from school, the parent/guardian must call the school on the day(s) of absence by 8:10 am. The parent/guardian should state the reason for the absence.
5. For an absence to be excused, documentation must be provided as indicated:
 - A. Illness or injury of the student, with written excuse from parent.
 - B. Illness or injury of a member of the student's family, when the student's presence is necessary or expected, with written excuse from parent.
 - C. Medical appointments, with written appointment/visit confirmation by medical provider.
 - D. Funeral, with written excuse from parent. The principal may require a program or other evidence of attendance as additional verification.
 - E. Religious observances, with written excuse from parent.
 - F. Other appointments that cannot be scheduled outside attendance hours, such as court appearances, with documentation from the court, or college visits (see the handbook section).
 - G. Out-of-School Suspension.
 - H. Visits with a parent or legal guardian who is an active duty member of the military who has been called to duty for, is on leave from, or is immediately returned from deployment to a combat zone or combat support posting, with permission of the superintendent or designee.
6. All other absences and any absence for which required documentation is not provided are considered "unexcused".
7. Absence from school or class without the knowledge and/or consent of parent and/or school officials, leaving school without permission, being out of assigned areas without permission, and chronic absenteeism is considered truancy. All will be reported to the proper authorities for outside investigation. Violations of this rule will be handled according to the high school discipline guide. Truancy is a type of unexcused absence.
8. *Please note: Every 4 tardies = 1 full absence. Tardies **are** included in total absences.

9. **Advisory tardies/absences DO count towards total tardies/absences, which is especially important for seniors. It is important students are at school, on time each morning for advisory. There are consequences for not doing so (see next section).
10. Students must be in full attendance (including advisory) on days of extracurricular participation. Failure to do so will eliminate the student from participation that day. For activities that take place on the weekend (Saturdays, Sundays, or Mondays when school is not in session), students must be in attendance the full school day (generally a Friday) preceding the activity, unless PRIOR approval has been granted by the administration for the absence.
11. Students who check out as "ill" or are absent the full day due to illness are not allowed to attend any extracurricular activities as spectators that same day and must be back in school at least ½ a day before being allowed to attend. For activities that take place on the weekend (Saturdays, Sundays, or Mondays when school is not in session), students must be in attendance at least ½ a day on the last full school day (generally a Friday) preceding the activity, unless PRIOR approval has been granted by the administration for the absence. Students found attending activities in violation of this policy will be sent home.
12. Emergency situations will be addressed on a case-by-case basis.
13. Attendance Rate: Students must maintain at least a 90% attendance rate in all classes (including advisory, including tardies) throughout the school year to be eligible for ALL activities and trips outside the classroom, as well as special classroom activities, if applicable. Every 4 tardies = 1 absence. Special consideration may be made by the principal for exceptional circumstances.
14. *The attendance policy applies to ALL activities, at home or away.
15. *Please see Senior Trip Eligibility for special attendance rules for seniors.
16. *A+ eligibility requires a higher standard of attendance (95% average over the 4 years of high school).
17. JH/HS students **are not allowed** to check out to attend elementary parties. Elementary parties are closed to all but adult family members and non-school age children in their care.

CONSEQUENCES FOR ATTENDANCE VIOLATIONS

Students will be expected to make up all assignments from missed classes regardless of whether an absence is excused or unexcused. The accepted practice for missed classwork is to receive one day for each day missed. Each teacher may extend limits in which missed work may be completed at his/her discretion.

- 1.** When a student has accumulated four (4) absences, as calculated by dividing number of hours in attendance by total number of instructional hours to date, the administration will send home written notification of the status of attendance. (Tardies are not included in this notification, as they must be calculated by hand.) The administrator may conference with the student if the missed days occur in a manner that merits intervention, particularly when tardies are calculated.
- 2.** When a child has been absent for four consecutive days, a conference with parents may be requested.
- 3.** When a student has accumulated six (6) and eight (8) absences as calculated in (1), the administration will send home written notification of the status of attendance. (Tardies are not included in this notification, as they must be calculated by hand.) Notice of Attendance Committee Intent to Review will also be sent home. The Attendance Committee will meet to consider the reasons for all of the student's

absences. Tardies will also be analyzed. The committee will consider all relevant information and determine what, if any, additional action is necessary to help students earn required credits. A letter will be sent home detailing any committee recommendations.

4. When a student has accumulated ten (10) or more absences per semester, the Attendance Committee will meet to consider the reasons for all of the student's absences/tardies. Students and parent/guardian may then be required to meet with the Attendance Committee. (The principal can waive this meeting if obvious reasons for the absences are present and documented.) Student and parent/guardian will be notified by mail of the outcome of the meeting. The possible outcomes from this meeting are as follows:

- A. Student earns credit for the semester in classes in which they have passing grades (no attendance penalty);
- B. Student does not earn credit for the semester based on attendance, regardless of grades;
- C. The student is placed on attendance "probation" for the next semester, with credit held for the semester in question pending improved attendance during the probationary period (written contract required);
- D. Other recommendations/plans developed by the Attendance Committee (ex: Attendance recovery through Monday/Summer Recovery hours).

5. Students may reduce accrued absences by attending Monday School scheduled by the building principal. However, seniors wishing to go on senior trip/walk in the graduation ceremony are still only allowed 8 total absences for the full year. (Attendance recovery does not result in grade recovery.) The student must notify the principal that he or she wishes to make up attendance days, and the principal will provide the student information on the next available session(s). *Make-up sessions do not match the educational value of actual class attendance, so no student will be allowed to make up more than five (5) days' worth of absences by attending make-up sessions.

6. Students who skip advisory and attend the rest of the school day more than four (4) times in one semester will receive an F for advisory for that semester, unless each additional unexcused advisory absence (over 4) in a semester is made up during a detention scheduled with the principal. Please see the definition of "excused" and "unexcused" absences in the Attendance Policy. Advisory grades DO impact students' overall GPAs and eligibility, including Senior trip and Prom eligibility.

7. The district will contact the Children's Division (CD) of the Department of Social Services or the Juvenile Office in cases where the district has a reasonable suspicion that a student's lack of attendance constitutes truancy or educational neglect on the part of the parents, or that parents are in violation of the compulsory attendance law. No such action will be taken unless other strategies and interventions have been implemented and proven ineffective.

TARDY POLICY

1. A student is tardy to class when, at the minimum, he/she does not arrive to the classroom with all required learning materials for that class when the bell rings for class to start. Individual teachers may have more stringent definitions of tardiness.
2. A student is considered tardy for first hour any time after 8:00 am.
3. If a student arrives after 8:15, he/she is counted as **absent** for the period(s) missed.
4. All tardies start over at the beginning of each semester.

5. Please note: If you are in the restroom when the bell rings and you have not checked in with your teacher, you are tardy. It will be at the teacher's discretion whether to record you as such in the attendance roster. Do not abuse restroom privileges. If the office notes a pattern of excessive restroom use, a nurse referral may be made to investigate potential urinary or bowel issues. Students with pre-existing medical conditions that necessitate the needs for frequent restroom breaks must have current (updated yearly) medical/physician documentation on file with the school nurse or risk being denied more frequent restroom breaks until such documentation is provided.
6. Tardies are posted each hour by all classroom teachers.
7. Once a tardy is entered into the attendance roster, only the office has the ability to remove it.
8. The following policy will be followed when students are tardy to class or arrive late to school. The number of tardies will be recorded for each class, separately; however, for office and attendance policy purposes, they accumulate as a total per semester, not by class. Individual classroom teachers may have additional rules and consequences related to tardies as part of their behavior management plans.

1 - 4 Tardies: No disciplinary consequence; however, every 4 tardies = 1 full absence

5 Tardies: Verbal warning

6+ Tardies: Upon the accumulation of (6) six total tardies in a semester, the student will be assigned a detention/Private Dining. Each subsequent tardy results in an additional assigned detention/Private Dining.

If a student reaches 10 or more tardies in a semester, he/she will serve an hour of Monday School/Summer Attendance Recovery for each additional tardy of 10 or more accumulated for the duration of the semester.

Students who fail to serve assigned consequences will be subject to additional disciplinary measures as outlined in this handbook.

TRUANCY

Truancy is absence from school or class without the knowledge and/or consent of parent and school officials. Leaving school without permission, or checking out without permission is counted as truancy. In addition, being out of assigned areas without permission of school officials is considered truancy (failure to report to each regularly assigned class). Chronic absenteeism may also be considered truancy, as well as educational neglect, and will be reported to the proper authorities for outside investigation. Violations of this rule will be handled according to the high school discipline guide.

NOTICE AND DUE PROCESS IN RELATION TO ATTENDANCE

A summary of the Board-adopted attendance policy and related procedures will be published in student and other handbooks and posted on the district's website. In addition, students and their parents/guardians will be notified prior to the imposition of any consequence and given the opportunity to appeal the imposition of the consequence to the superintendent. On appeal, the student and his or her parents/guardians may present evidence that the student has missed fewer days than the district's records show or that an absence recorded as unverified should have been

recorded as verified. An appeal will not be taken based on whether the reason for the absence justifies an exception to this rule.

COLLEGE VISITS

Students may have 3 college visits days (grades 9-12) which will not count against their attendance.

Once the college visit is scheduled, the student needs to obtain College Visit paperwork from the counselor. In addition:

1. The student needs to inform his/her teachers of the college visit before the visit day.
2. Confirmation must be returned with the name and signature of the contact person that hosted the visit or another acceptable form of documentation.
3. The principal may approve additional college days at his/her discretion.

STUDENT BEHAVIOR

The Student Code of Conduct is designed to foster student responsibility, respect for the rights of others, and to ensure the orderly operation of district schools. Every classroom will have a set of rules and consequences for disobeying those rules posted that supports the total district discipline philosophy.

The Board of Education has adopted minimum guidelines for principals to follow when issuing punishment for infractions listed below. No code can be expected to list each and every offense, which may result in the use of disciplinary action. However, it is the purpose of this code to list certain offenses, which, if committed by a student, will result in the imposition of a disciplinary action. Any conduct not included herein, or an aggravated circumstance of any offense or an action involving a combination of offenses may result in disciplinary consequences that extend beyond this code of conduct as determined by the principal, superintendent and/or Board of Education. The principal or designee will inform parents/guardians of discipline procedures whenever in-school or out-of-school suspension is given. The principal and parent/guardian need to communicate and work closely in all disciplinary matters for the welfare of the students.

IMPACT ON GRADES

As with any absence, absences due to an OSS may result in the student earning a lower grade in accordance with the district's policies on absences.

I.E.P. AND DISCIPLINE

Students with an I.E.P. in place will be dealt with in accordance to their I.E.P. and Federal Laws (PL 94-142 and IDEA) regarding punishment. State and federal regulations in relation to educational services for students with disabilities shall not be violated in the application of Student Discipline Code. Options used for discipline purposes for students with disabilities or those involved with special education services will be in accordance with all laws pertaining to them.

RIGHTS OF PRIVACY FOR STUDENTS AND PARENTS

Students' and parents' privacy rights as described by law will be maintained in all areas and in all respects in relation to necessary disciplinary measures applicable to individual situations.

STUDENT CONDUCT ON SCHOOL TRANSPORTATION

All persons riding in District vehicles (buses, vans) shall adhere to the following rules. The driver, sponsor, or chaperones are to follow the school transportation discipline procedures for student violations of the rules, and students who violate these rules may be denied access to school transportation for a specified period of time in relation to the severity of the violation. Video surveillance may be in operation on school transportation.

1. The driver is in charge of students and the vehicle. Students must obey the driver at all times.
2. The driver can assign a seat for which a student will be held responsible for damages incurred.
3. Students must be on time. School buses and other transportation cannot wait for those who are tardy.
4. Never stand in the roadway while waiting on the vehicle.
5. Unnecessary conversation with the driver is prohibited.
6. Outside of ordinary conversation, classroom conduct is to be observed.
7. Students must not throw waste paper or other rubbish on the floor of the vehicle.
8. Students must not at any time extend arms or head out windows.
9. Students must not try to get on or off the vehicle or move about within the vehicle while it is in motion.
10. Students in school vans must wear seatbelts at all times.
11. Students should keep hands, feet, and bodies to themselves at all times.
12. No eating or drinking in vehicles.
13. School vehicles are extensions of school; therefore, all rules apply to school vehicles as they apply at school.
14. Students must remain in their seats and facing forward when the vehicle is in motion.
15. Students must have a written note from a parent/guardian if they are not riding their regular bus route.
16. No preschoolers or siblings from other classes will be allowed to ride on the van/bus on field trips.
17. Use of tobacco or other school-prohibited substances is not permitted on school vehicles.
18. Elementary students are not to sit in the same seats as JH/HS students.

The bus driver/driver will report any disciplinary problems to the principal. Continued misbehavior will result in bus/school transportation suspension. Parents/guardians must know their child's bus driver, phone number, and bus number. Drivers appreciate phone calls from parents/guardians if they will not need to stop due to illness/absence/etc.

The principal may remove a student from riding a bus/school transportation without written warning in circumstances where it is deemed necessary for student/driver safety.

A severe incident (fighting, vandalism, possession of illegal or dangerous materials) may result in immediate suspension from one (1) day to the remainder of the school year after due process is completed.

All vandalism incidences will require restitution for the damaged property.

The principal maintains the ability to impose additional bus/school transportation restrictions as necessary for the safety and well-being of students and drivers. Students with disabilities will be disciplined for school transportation infractions in accordance with the law.

Students who are suspended off the bus for disciplinary actions are suspended off ALL school transportation. This includes athletic, academic, intra- and extra-curricular activities.

BEHAVIOR/CONSEQUENCE GUIDE

The following are selected examples of disciplinary actions and consequences that various actions may warrant. This listing is not intended to be comprehensive. In extraordinary circumstances where the minimum consequence is judged by the superintendent or designee to be manifestly unfair or not in the interest of the district, the superintendent or designee may reduce the consequences listed in this policy, as allowed by law. This code includes, but is not necessarily limited to, acts of students on district property before, during, or after school, including playgrounds, parking lots, and district transportation, or at a district activity, whether on or off district property. The district may also discipline students for off-campus conduct that negatively impacts the educational environment, to the extent allowed by law.
