GENERAL PROVISIONS FOR ALL ACTIVITIES/ATHLETICS

Student activities in the District provide a program for students to pursue special interests in addition to more formal class activities. Student activities help develop leadership abilities, promote school spirit and loyalty, establish habits of good citizenship, and provide opportunities to learn and work as part of a group. Although student activities are important for the all-around development of students, they must necessarily be of secondary importance. Regular classroom work must come first.

Participation in student activities is a privilege and not a right; therefore, the School Board believes that students must adhere to standards of behavior, which will bring credit to the individual student, the particular activity, the school, and the community.

Students are free to choose the activities in which they would like to participate, in accordance with eligibility standards. It is the District's policy that students facing a conflict between two sponsored activities will be given the choice of which to attend. Certain school activities (to be determined by the administrators) will have priority. Students are not to be penalized by the activity not attended.

In order for a student to be an officer in a club, he/she must have and maintain a cumulative GPA of a "C" or higher. Any officer who drops below a "C" average will be replaced by an election for the remainder of the year. Incoming 7th graders must have had a "C" or higher in each class, each semester, for their 6th grade year. Students who receive ISS or OSS during the year become ineligible to hold a club or class office and will be replaced.

A student who has gone out for a sport but quits of his/her own accord, will not be eligible to start practicing for another sport before the end of the competitions in the sport that was dropped.

If students have practice or other activities that will not begin immediately after the school day (4:30 or sooner), they are expected to leave campus and then return, or they may stay if under the direct supervision of a staff member (whom they have asked in advance to stay) and stay with that staff member till practice time. Individual teachers may offer tutoring for students needing some additional help, as well. Students who aren't under the direct supervision of a staff member or attending tutoring cannot stay after school for liability reasons, as there is no supervision at that time.

In the event that an attendance violation or suspension takes place, the student will not be eligible for practice and/or participation until he/she has fulfilled disciplinary requirements established by the administration or reached attendance minimums per the Student Handbook.

The possession, use or distribution of alcohol and or illegal drugs including all controlled substances, counterfeit drugs, and other substances purported to be drugs

is known to be detrimental to the individual as well as the team he/she represents. Therefore, disciplinary action will be taken. This is a year-round commitment. If a student athlete is caught using, distributing, or in the possession of any of the above, whether on or off campus, the drug suspension guidelines will be, at a minimum, as follows, or may be exceeded as deemed necessary by the sponsor/coach and/or administration (in addition to disciplinary measures outlined in the Student Handbook for all students):

Tobacco (Chew, cigarettes/e-cigarettes or paraphernalia):

First Violation: Suspended for one calendar week from all extra-curricular activities; student may attend practices and sit on the bench, but may not practice.

Second Violation: Suspended from team for remainder of the season or a minimum of 60 calendar days, which includes ALL other extracurricular activities; student may not practice.

Alcohol and Illicit Chemicals/Illegal Substances:

Students who test positive for any school-prohibited substance through the district's random testing program, or are found to be in possession of them while at school, at school-sponsored activities—both at home or away and including co-op sports, or on school transportation, will be excluded from participation in covered activities and parking on campus per Board policy and rules/regulations found in the Random Drug Testing Policy attached to this handbook.

GVVC CONFERENCE

The Miami School District is a member of the Golden Valley – Vernon County Conference (GVVC). The following schools are also members of the GVVC Conference:

Ballard, Bronaugh, Hume, Montrose, Northeast Vernon County, Sheldon

INSURANCE

MSHSAA by-laws state that a student shall not be permitted to practice or compete on a school's athletic team until the student has verification that he/she has insurance that will cover injury. Student accident insurance would meet the requirements. Any family insurance plan, which includes the student wishing to compete, would suffice. The District's website offers a link from which individuals seeking "Student Accident Insurance" may find additional information. It is the responsibility of parents/guardians to provide the necessary insurance for their students to be eligible to participate in school athletics. Varsity and Junior Varsity football players who do not have family insurance will be required to purchase a special insurance coverage in order to participate in football. Basketball/Volleyball and Junior High will also have an option to purchase insurance coverage, but not the same policy as football.

PHYSICAL EXAMINATION

The MSHSAA by-laws state that anyone wishing to participate in athletics, spirit groups, show choir, and band must have a physical examination which declares them physically fit to participate before they can practice or compete. One physical

examination is good for the entire school year, regardless of the number of activities the student chooses to participate in throughout the school year. A physical examination that is given to the student after February 1 is good that school year as well as the next school year. Bates County Memorial Hospital (BCMh) offers free physicals to students in grades 7-12. These free physicals are compliments of area doctors and are given during the summer break at BCMh. If you had a physical there, you will still need to fill out the informational part of the MSHSAA physical form in the back of this handbook.

DRESS CODE

Student athletes/activity participants will follow the game/activity day dress code specified by each individual coach/sponsor. If dress code is not met, the student may be required to sit out, and not participate in that day's event. Organizations with official dress, shirts, etc. will abide by their organizations rules. Appropriate dress will be determined by the coach/sponsor. If no dress code is specified, students will abide by the general school dress code found in the JH/HS Handbook.

TRANSPORTATION

In general, students are required to ride in the school bus/van to and from activities. The exception to this is football, for which students/parents will be required to provide their own transportation, at this time. Parents will be required to sign permission slips and emergency information for their students. Students will not be allowed to leave away games/activities with a non-parent/guardian without a permission slip signed for **each** game/activity. Please return these in a timely manner to the sponsor/coach.

Student participants will meet the following expectations during travel:

- a. Follow all school transportation rules, per the Student Handbook.
- b. Be ready at the scheduled departure time.
- c. No cleats or spikes worn on the bus.
- d. No food on the bus/in the van (unless authorized).
- e. Display good citizenship.
- f. Male and female students are to remain separated by at least one row of seats on the bus and are not allowed to occupy the same seats.
- g. No foul language or roughhousing.
- h. Keep the bus/van clean. Pick up litter after a trip.
- i. Close all bus/van windows at the end of the trip.
- j. Leave the bus/van in better shape than you found it.
- k. Notify parents of return time in advance of arrival, or have your coach/sponsor do so.

The principal reserves the right to impose additional restrictions as necessary to ensure the safety and well-being of students, drivers, sponsor, and coaches. Students who are unwilling to follow trip or transportation expectations will face disciplinary actions.

AWARDS

1. Students may not receive cash, merchandise, or gift certificates for participating in an athletic contest.

2. Students may accept awards that are symbolic in nature, such as medals, trophies, ribbons, plaques, etc., for participating in a school athletic program. These awards may be received only from your school, from a school hosting an event, or from the MSHSAA.

3. Students may accept awards for participating in non-school sponsored athletic competition only if the awards are symbolic in nature, such as medals, trophies, ribbons, plaques, etc.

LETTERING

Each sport offers objective criteria and qualification for lettering set by the individual sport coaching staff. The additional factors of good school citizenship and a constructive, positive attitude are integral criteria of the lettering process. An accurate record of playing time must be kept by all coaches. A record of past winners will be kept in the office and by the AD.

Baseball/Softball- The player must participate in at least 50% of all innings played at the varsity level during the season. The coach will give consideration in special cases.

Basketball- Any athlete that plays in half of the varsity quarters will letter. The coach will give consideration in special cases.

Track- Athletes must participate in three-fourths of scheduled meets. Athletes must attend all meets unless excused by the coach. The coach will give consideration in special cases.

Volleyball- Any player who participates in one-half of the total matches, or under special circumstances at the discretion of the coach, may letter.

Cheerleading- Selection to the varsity squad; must be in attendance and cheer all games unless excused by the cheer sponsor.

PARTICIPATION AND ELIGIBILITY FOR ALL ACTIVITIES/ATHLETICS

STATEMENT OF PHILOSOPHY

Participation in any school activity is a valuable educational experience, and should not be looked upon as a reward for academic success. Activity participation should be for all students making appropriate progress towards graduation and otherwise in good standing.

ELIGIBILITY

Miami High School is a member of the Missouri State High School Activities Association (MSHSAA). Miami and our students must abide by the rules and guidelines set forth by MSHSAA in order to remain in good standing. The rules are designed with the best interests of students/athletes in mind. Below are listed a few of the rules a student must follow in order to maintain their eligibility, as well as the eligibility of the team. Additional requirements determined by the district, are also included here, as well as in the JH/HS Student Handbook.

In order to represent your school, you must be a bona fide student and meet all eligibility requirements. You must be regularly attending classes and you must meet the academic requirements in MSHSAA By-Law 2.3 and those of your school.

Student participation in interscholastic and extra/co-curricular activities is a privilege. This includes all academic, athletic, and club activities such as, but not limited to FBLA, FCCLA, FFA, cheerleading, all sports, etc.

1. ALL state requirements must be met at all times for interscholastic participation:

For Grades 9-12:

- A. Semester prior to participation: Students must have earned, the preceding semester of attendance, a minimum of 3.0 units of credit or have earned credit in 80% of the maximum allowable classes in which any student can be enrolled in the semester, whichever is GREATER, at their school. OR, a student must have made standard progress for his or her level the preceding semester in a special education program for students with disabilities, approved by the MO Department of Education, which, though ungraded, enrolls pupils of equivalent age.
- B. For their current semester, students must be enrolled in and regularly attending courses that offer 3.0 units of credit or 80% of the maximum allowable credits which may be earned at their school, whichever is GREATER.
- C. Credits earned or completed after the close of the semester will not fulfill this requirement. Summer high school courses for FALL academic eligibility may count, provided the course is necessary for graduation or promotion or is a core subject course, and credit is placed on the school transcript. No more than one unit of credit in summer school shall be counted toward fall eligibility.
- D. Students promoted for the first time into 9th grade are considered academically eligible for the first semester after promotion. After the first semester, regular eligibility requirements for their grade level will be utilized.
- E. Students should not drop courses without first consulting with the principal, athletic director or counselor to determine whether doing so will affect their eligibility.
- F. You must enter school within the first 11 days of the semester in order to be eligible that semester.

For Grades 6-8:

- A. Students must be enrolled in a normal course load for their grade level at the member school.
- B. Students will be ineligible if they failed more than one class the previous grading period.
- C. Students must have been promoted to a higher grade prior to the first day of classes for the new school year.
- D. Students promoted for the first time into 6th grade are considered academically eligible for the first grading period after promotion. After the first semester, regular eligibility requirements for their grade level will be utilized.
- E. You must enter school within the first 11 days of the semester in order to be eligible that semester.

2. Local requirements have added standards that must be met and maintained for participation eligibility for ALL activities, athletics, field trips, honors, awards, etc.:

- A. After first time promotion exceptions for incoming 6th and 9th graders, students with more than one semester final course grade of “F” are ineligible for the next semester. No exceptions.
- B. All classes, including electives and advisory, will count in determining eligibility.
- C. Random grade checks will be completed by the Principal, Athletic Director, or other designee at least once per month. Students at-risk of ineligibility (those with any grades of “C-” or lower at the time of random grade checks and/or mid-term progress/quarterly grade reports) may be required to participate in school-provided tutoring for an amount of time determined by the principal/AD/designee.
- D. If it is determined through grade checks, mid-term progress reports, or quarterly grade reports that a student’s grade in any class has fallen to an “F” during the semester of participation, the student immediately becomes ineligible for the duration of the semester. She/he will be required to complete district remediation strategies, including but not limited to school-provided tutoring to regain eligibility for the next semester, when possible.
- E. Chronic, persistent academic jeopardy, chronic tardiness, absenteeism, truancy, and/or chronic behavior infractions or those resulting in ISS/OSS will require administrative intervention and may lead to ineligibility for an amount of time to be determined by administration.
- F. A student who is absent from ANY class or partial class, including being tardy for advisory period, shall not be considered eligible to represent the school in athletic or academic contests, or club activities on that date, and cannot represent the school until he or she attends a full day of classes, unless PRIOR approval has been granted by the administration for the absence. For activities that take place on the weekend (Saturdays, Sundays, or Mondays when school is not in session), students must be in attendance the last full day of school preceding the break, unless PRIOR approval has been granted by the administration for the absence.
- G. A student who is not in attendance for AT LEAST ½ a day will not be eligible to practice on the same day, unless PRIOR approval has been granted by the administration for the absence. For practices that take place on the weekend (Saturdays, Sundays, or Mondays when school is not in session), students must be in attendance AT LEAST ½ a day the last day of school preceding the break (typically a Friday), unless PRIOR approval has been granted by the administration for the absence. Students who check out sick for any length of time are not eligible to practice or compete on that day, and are not eligible to attend school events at home or away until they are in attendance a full day.
- H. Attendance Rate: School attendance is vital for students’ academic success. Attendance profiles will be pulled at the same time as grade checks. Students must maintain at least a 90% attendance rate in ALL classes (including tardies, including advisory) throughout the school year in order to remain eligible for ALL activities, clubs, honors, and trips (sports, clubs, math, art, music, or any other organizational trip). Please note that every four (4) tardies = one (1) absence. Special considerations **may** be made for exceptional circumstances, with prior administrative approval. However, this will be the exception and not the rule.
- I. Students participating in a sports co-op may be subject to additional requirements as stipulated by the co-op partner school.

*Please refer to the current Student Activities Handbook as well as the current MSHSAA Official Handbook for any additional requirements. Specific clubs and organizations may have more stringent rules.

GOOD CITIZENSHIP REQUIREMENTS

As representatives of the District, students are expected to conduct themselves appropriately and engage in high levels of good citizenship. You must be a credible citizen. Credible citizens are those whose conduct—both inside and outside of school—does not reflect poorly upon themselves or their school. Conduct involves self-control, and must be satisfactory in accordance with the standards of good discipline. Thus, all discipline infractions (including those incurred from tardies/truancy/etc.) will be considered when determining student eligibility or continued eligibility for all activities, clubs, athletics, field trips, honors, awards, etc., as follows:

1. Student discipline infractions resulting in detentions (including Private Dining/before/after school detentions) may result in loss of any practice scheduled for the date/time the detention is served, as practices will not be scheduled around.
2. Student discipline infractions resulting in In-School Suspension (ISS) result in loss of practice/game/activity participation for the date(s) the ISS is served. This includes same-day, before or after school practices/games/trips.
 - a. Students may attend team practices and games (if scheduled) but must sit on the bench on the same day(s) ISS is served.
 - b. Students on ISS may attend games/activities as spectators, on the same day(s) ISS is served.
3. Student discipline infractions resulting in Out-of-School Suspension (OSS) result in loss of practice/game/activity participation UNTIL the OSS is FULLY served.
 - a. Students on OSS may not attend any games/practices/activities as spectators, or be on school grounds for **any** reason, including to drop off/pick up siblings or homework, UNTIL the OSS is FULLY served. Parents will need to make alternate arrangements for homework/siblings.
 - b. OSS is not over until 8:00 am the next regular school day after the last day of OSS assigned is served. Therefore, students on OSS on a Friday are not eligible to attend any school activity at home or away during the weekend or on non-school Mondays.

In addition to the specifics noted above regarding detentions and suspensions, the following information should be noted:

1. Students with chronic or severe discipline, attendance, and/or grade issues are subject to having their continued eligibility for all activity/club/athletic participation and receipt of honors and awards reviewed by administration or faculty council.
2. Sportsmanship: The District believes students must demonstrate positive behavior on and off the field of play. Students who receive technical fouls, ejections from contests, or other discipline for unsportsmanlike conduct at/during/before/after athletic contests will receive consequences as noted in the current Student Activities Handbook. In addition, students who fail to represent themselves, their teachers, coaches, sponsors, administrators, other students, or their school positively online (social media) or offline will be subject to disciplinary consequences at the discretion of their sponsor, teacher, and/or principal.

3. Student Hazing: Hazing is inconsistent with the educational goals of the District and poses a significant risk to the physical and mental welfare of District students. Hazing of students, on or off District property, is strictly prohibited and will result in Board-approved disciplinary measures, including, but not limited to restriction from activity/athletic participation.

4. Bullying: Student/adult bullying and cyber-bullying are considered serious violations of Good Citizenship expectations. All types of bullying perpetrated by students against other students or adults, on or off school property, is inconsistent with the educational goals of the District and poses a significant risk to the physical and mental welfare of the District, as a whole. All types of bullying, on or off school property, will not be tolerated, and will result in suspension from school and from activity/athletic participation in accordance with Board-approved discipline policies.

5. Students as Role Models: As a District with the unique opportunity to house preschool through twelfth grade all in one small building, we must ensure that all students receive an age-appropriate social experience. Student use of profane or vulgar language or behavior in the cafeteria, hallways, gym, and other common-use areas in which young children are likely to be encountered is strictly prohibited, and is subject to Board-approved discipline policies. In addition, individual teachers may have their own classroom policies in relation to profanity/vulgarity, and students are expected to honor those at all times. Secondary level students exhibiting good citizenship are expected to be positive role models for our youngest patrons. Awards, honors, and/or membership in some clubs/organizations may be denied to or withdrawn from students who cannot fulfill this obligation.

FURTHER NOTES ON SPORTSMANSHIP

Students are urged to respect the following rules and model the following behaviors for school and non-school guests at all school events, at home and away. As students of Miami R-I High School, we urge each spectator to:

1. Avoid actions which will offend or embarrass any individual athlete/participant.
2. Regard game/contest officials as fair, accept their decisions as final, and treat officials with respect.
3. Respect the property of our school and other schools.
4. Encourage your team, rather than "Boo" the opponents or officials.
5. Refrain from actions which will call attention to yourself as a spectator, on the bench or bleachers.
6. Treat the opponents' coaches, players, and fans as honored guests.
7. Show appreciation of good play by both teams.
8. Accept the decisions and judgment of the coaches.
9. Be modest in victory and gracious in defeat.
10. Attempt to maintain an atmosphere of good sportsmanship at all times. This includes how you represent yourself, your team, other students, your coaches, your teachers, your administration, and your school online or offline.

SPECIAL MSHSAA NOTES ON DISCIPLINE

Each sponsor/coach may impose stricter rules for their specific activities. The coach/sponsor will provide written rules and consequences to parents/students. Repeated referrals of a student to the office for misbehavior may be sufficient reason to declare a student ineligible. A single serious breach of good conduct--either in or out of school--may be sufficient cause for declaring a student ineligible to participate in

school activities. MSHSAA also has specific rules governing MSHSAA activity participation related to major offenses, as follows:

2.2.2 Law Enforcement:

1. A student who commits an act for which charges may be or have been filed by law enforcement authorities under any municipal ordinance, misdemeanor or felony statute shall not be eligible until all proceedings with the legal system have been concluded and any penalty (i.e. jail time, fine, court costs, etc.) or special condition of probation (i.e. restitution, community service, counseling, etc.) has been satisfied. If law enforcement authorities determine that charges will not be filed, eligibility will be contingent upon local school policies.
2. After a student has completed all court appearances and penalties, and has satisfied all special conditions of probation and remains under general probation only, local school authorities shall determine eligibility.
3. Moving traffic offenses shall not affect eligibility, unless they involve drugs, alcohol, or injuries to others. (Editor's Note: If a traffic offense is accompanied by an act covered in letter a above, such as property damage, bench warrant, etc., eligibility will be delayed per letter a.)

2.2.4 Expulsion:

A student who is expelled from school because of disciplinary measures shall not be considered eligible for 365 days from the date of expulsion. An expulsion is prompt removal of a student from school following the conduct for which the student is under discipline, whereby the student is not allowed to return to school until either an appeals process reinstates the student or the duration is fulfilled. However, this period of ineligibility shall not apply to any student expulsion for conduct otherwise protected by law which does not materially and substantially interfere with the requirements of appropriate discipline in the operation of a school.

2.2.5 Student Responsibility:

Each student is responsible to notify the school of any and all situations that would affect his/her eligibility under the above standards. If the student does not notify the school of the situation prior to the school's discovery, then the student shall be ineligible for up to 365 days from discovery, pending review by the Board of Directors.

The penalties for felonies and misdemeanors apply during the summer months as well. Penalties for out of school offenses will be administered by coaches/sponsors beginning with the report of the violation. Penalties will be as follows:

1. Misdemeanor Offense: 30 school day restriction from participation from all school activities and practices.
2. Second Misdemeanor Offense: Suspension from team for remainder of season or a minimum of 90 calendar days, which includes all other sports. Students will not be allowed to practice.
3. Felony Offense: 180 school day restriction from participation in **all** school activities.

A.D. RESPONSIBILITIES

The Athletic/Activity Director is responsible for the scheduling and supervision of all athletic events and transportation arrangements to/from all activities. The A.D. is also

responsible for scheduling judges, referees, umpires or officials to carry out the scheduled events. The A.D. is to act as a liaison between parents/guardians and the school in order to ensure a quality activities program, and other duties, as assigned.

ATHLETIC PRACTICE/SCHEDULES

All coaches have the right to have closed practices, if desired. This will be discussed at the parent/athlete meeting. If an athlete is to miss a practice for any reason, he/she must notify their coach in advance, if at all possible. An unexcused absence from practice may result in loss of playing time. Repeated unexcused absences could result in suspension from the team for the remainder of the season. Practice schedules are to be made available at the beginning of the season with the understanding that parents and students will be notified of any and all changes.

COACHING EVALUATIONS

A yearly evaluation of coach performance will take place during the season. Evaluations are conducted to ensure coaches are meeting the needs of the athletes and treating everyone with respect. Evaluations are not carried out to undermine the coach's decisions on playing time, play calling, or strategy. The purpose is to ensure that coaches are providing quality instruction while encouraging all athletes to reach their potential. Evaluations may be conducted by the AD or principal.

COACH/SPONSOR/ADVISOR COMMUNICATION

It is important for coaches/sponsors to communicate their rules and specific expectations to their athletes/participants and parents. Rules and regulations are to be established in written form by each coach/sponsor and issued to each student during orientation. Rules must be signed by the participant and their parent/guardian prior to participation in any contest/activity/event. They may include such things as team dress, practice times, general practice rules, etc. Coaches/sponsors may be stricter than the general school rules. These rules are subject to additions as conditions arise.

We encourage good communication between athletes/participants, parents and coaches/sponsors as long as it is productive.

The following items **are appropriate** concerns to discuss you're your student's coaches/sponsors/advisors:

1. The treatment of your student mentally and physically
2. Ways to help your student improve
3. Concerns about your student's behavior

However, please do not approach coaches/sponsors immediately following an event to attempt to discuss these topics with them. See information later in this handbook regarding the "24 Hour Rule."

The following issues are **not appropriate** to discuss with coaches/sponsors/advisors:

1. Playing time
2. Team strategy
3. Play Calling
4. Other students/athletes (This is always an off-limit topic due to confidentiality issues.)

PARENT/SPECTATOR/STUDENT BEHAVIOR AT ATHLETIC CONTESTS

MANDATORY PARENT-ATHLETE MEETING

A parent-athlete meeting will be scheduled at the beginning of each school year and/or sport season in order to go over expectations of athletes, parents, spectators, coaches, AD, and administration at athletic or other types of contests. Attendance at this meeting by parents AND athletes is mandatory before students will be allowed game play. If you cannot attend the scheduled meeting, it is the parent's responsibility to set up an alternate time for you and your student(s) to meet with coach(es) and administration.

GUIDELINES FOR BEHAVIOR: STUDENTS, PARENTS, AND SPECTATORS

The primary responsibility of the Miami School's Activity program is to its students. Under the direction of the coaches and sponsors, an environment must be provided to allow activity participants to maximize their abilities. It is further understood that competitive sports and activity programs are for students and are promoted to ensure to the participants and to the public the best traditions in sportsmanship, citizenship, and a wholesome school-community relationship. To promote these traditions, the following guidelines are established and will be maintained by coaches, the A.D., and the principal.

Parent/Coach Communication

Both parenting and coaching are extremely difficult responsibilities. By establishing an understanding of each position, we are better able to accept actions of the other and provide a great benefit to our students. As parents, when your children become involved in our program, you have the right to understand what expectations are placed on your child. This begins with clear communication from the coach of your child's program which would include: expectations the coach has for your child, locations/times of practices, team requirements for lettering, procedures to follow should your child be injured during participation, and any special team policies or discipline that may result in the denial of your child's participation.

As your child becomes involved in the programs of the District, they will experience some of the most rewarding—and challenging—moments of their lives. It is important to understand that there may be times when things do not go the way you or your child wishes. The following are appropriate concerns to discuss with coaches: the treatment of your child, both mentally and physically, ways to help your child improve, and concerns about your child's behavior.

Playing time, team strategy, play calling, or other student athletes are not appropriate items to discuss with the coach. It is very difficult to accept your child not playing as much as you may hope. However, coaches are professionals and deserve to be treated as such. They make judgment decisions based on what they believe to be best for all students involved. There are often dynamics at work which only the coach is privy to. As you have seen from the list above, certain things can be and should be discussed with your child's coach. Other things must be left to the discretion of the coach as the professional he/she is, and some topics must remain off-limits, altogether.

The coaching staff and sponsors of the Miami R-I School District believe that parent/coach/sponsor conferences can be helpful. However, no conferences will be conducted immediately following a competition/contest. Please do not attempt to confront a coach/sponsor after a competition or athletic contest. Meetings of this nature do not promote resolution and are almost always ruled by strong emotions that cloud good judgment. Additionally, there will be no conferences conducted over the phone or at the coach's home. The coaching staff, sponsors, AD, and administration believe that the best way to discuss situations is to schedule a meeting at least **twenty-four (24) hours** after the event with the coach/sponsor. This is known and will be referenced as the "24 Hour Rule." If the meeting does not provide satisfactory resolution, then you should call to set up an appointment with the AD to discuss the situation.

Violation of the 24 Hour Rule:

Violation of the 24 Hour Rule will result in the following actions, culminating, if necessary, in the parent/guardian/person in violation of the rule being disallowed from attending Miami R-I extracurricular contests or events, both home and away. Please note, this handbook and the parent-athlete meeting that will occur at the beginning of each school year and/or sporting season serve as the only warning that will be given in regards to this rule.

1st Offense: 7-day suspension from all district activities, home and away. Written notice will be provided that includes the covered dates.

2nd Offense: 14-day suspension from all district activities, home or away. Written notice will be provided that includes the covered dates.

Subsequent Offenses: Suspension from all district activities for the remainder of the school year, or another assigned suspension to be determined by administration. Written notice will be provided that includes the covered dates.

***Severe infractions** of this rule that result in students or adults feeling unsafe or that jeopardize the well-being of students, staff, or other patrons will incur more severe penalties.*

Sportsmanship

The Miami R-I School District believes that students, parents, and patrons must demonstrate positive behavior on and off the field of play. This cannot be stressed enough. To that end, patrons and students should be aware of procedures related to technical fouls and participant/patron ejections, as well as sportsmanship expectations related to internet activities.

Disciplinary Actions for Student Technicals/Ejections:

If a student athlete receives a **technical foul** for any behavior related to unsportsmanlike conduct or flagrant behavior, or is **ejected** from a game for any behavior related to unsportsmanlike conduct or flagrant behavior, the following consequences may result:

- **1st Offense:** Mandatory benching for the rest of the contest; Possible next game/activity suspension in the next contest at the same level for that sport, carrying over to the next season/sport/school year, as needed.

- **2nd Offense:** Mandatory benching for the rest of the contest; Student may be suspended for three games/contests at the same level for that sport, carrying over to

the next season/sport/school year, as needed. Student will meet with coach/A.D. to develop a plan to address unsportsmanlike game behavior.

- **3rd Offense:** Mandatory benching for the rest of the contest; Student may be dismissed from team for the remainder of the season. A formal conference between student, coach, A.D., parents/guardians, and administration must occur if dismissed to determine if reentry will be allowed for another sport, club, or school year, and under what conditions, if allowed.

*Note: Coaches/AD/administrator will meet after a technical has been imposed to determine imposition of consequences per those allowable for an offense, in relation to each event, on a student-by-student and case-by-case basis.

Parent/Patron Ejections:

If a parent or patron is ejected from a contest, or has been identified by school administration or game officials for unsportsmanlike behavior, the Miami R-I administration has the ability to discipline the offender as deemed necessary. “Unsportsmanlike conduct” **does** include use of foul language and/or screaming at/threatening/harassing behaviors directed towards any other adult or student at the event, whether before, during, or after the event, in the bleachers, parking lot, or any other area related to event attendance.

Strong opinions about game play, coaching, and officiating are common; however, they can be expressed in a civil and adult manner that does not distract and disrupt game play and/or embarrass their player. Parents/patrons will be given one warning for unsportsmanlike conduct, unless the precipitating event is so severe as to warrant immediate ejection without warning. Parents or patrons with chronic or continuous unsportsmanlike conduct may be suspended from attendance at any and/or all district activities, both home and away, for an amount of time to be determined by administration. Law enforcement may be called for any incident that the administration deems “out-of-control”, i.e., a severe disruption to the activity and/or a safety issue for other attendees, students, staff, or officials. Parents/patrons may be required to appear before the Board of Education to regain spectator privileges.

Parents will be required to sign a spectator agreement at the beginning of the year/sport and before their student is eligible for play time.

Patrons attending games in lieu of or in addition to parents should be informed of expectations of spectators, as they will be held to them. This is the responsibility of parents.

Internet Postings:

There is no such thing as a deleted text, photo, or social media post. Parents, patrons, and students should expect that any message sent has the potential to be screen-shot and passed on to people you may or may not know or wish to see what you have posted. Please be aware that actions inside and outside of school are subject to regulation if they have the potential to substantially disrupt the educational environment or are out of compliance with Board policy, Good Citizen requirements, or the law.

You may achieve the qualifying score as a high school or postsecondary student. If you achieve the score as a postsecondary student you may be eligible for an award in the same term that you take the test.

NHS

The purpose of the National Honor Society (NHS) shall be to create enthusiasm for scholarship, to stimulate a desire to render service, to promote leadership, and to develop character in the students of secondary schools.

Character:

The National Honor Society supports and recommends the use of a multi-faceted definition of character known as the “Six Pillars of Character.” A person of character demonstrates the following six qualities: respect, responsibility, trustworthiness, fairness, caring, and citizenship.

In addition, it can also be said that the student of character:

1. Takes criticism willingly and accepts recommendations graciously.
2. Consistently exemplifies desirable qualities of behavior (cheerfulness, friendliness, poise, stability).
3. Upholds principles of morality and ethics.
4. Cooperates by complying with school regulations concerning property, programs, office, halls, etc.
5. Demonstrates the highest standards of honesty and reliability.
6. Regularly shows courtesy, concern, and respect for others.
7. Observes instructions and rules, is punctual, and faithful both inside and outside the classroom.
8. Has powers of concentration, self-discipline, and sustained attention as shown by perseverance and application to studies.
9. Manifests truthfulness in acknowledging obedience to rules, avoiding cheating in written work, and showing unwillingness to profit by the mistakes of others.
10. Actively helps rid the school of bad influences or environment.

Service:

Service is generally considered to be those actions taken by the student which are done with or on behalf of others without any direct financial or material compensation to the individual performing the service. In considering service, the contributions this candidate has made to school, classmates, and community, as well as the student’s attitude toward service can be reviewed.

The student who serves:

1. Volunteers and provides dependable and well organized assistance, is gladly available, and is willing to sacrifice to offer assistance.

7. Mentors persons in the community or students at other schools.

Leadership:

The leadership criterion is considered highly important for membership selection. Some Faculty Councils may wish to interpret leadership in terms of the number of offices held in school or community organizations. It is important to recognize that

leadership also exists outside elected positions including effective participation in other co-curricular activities offered on campus. Other Faculty Councils may define leadership in less objective terms. Leadership roles in both the school and community may be considered, provided they can be verified.

The student who exercises leadership:

1. Is resourceful in proposing new problems, applying principles, and making suggestions.
