

Miami Roots Run Deep;

Take it back to the playground where it all began.

This event is sponsored by the Miami School PTSO, and has been organized as a fundraiser for our school to be used to upgrade our playground, primarily purchasing playground equipment. As you can see when you drive by the school, our playground is in need of a serious upgrade. The cost of just one piece of safe, state certified playground equipment is upwards of \$30,000. While the goal of the school is to educate the students - Kids are naturally drawn to playing outside and there are numerous benefits of outdoor play as weather permits: it allows them to explore their environment, develop muscle strength and coordination, and gain self-confidence. But there are additional proven benefits you may not be aware of such as improving vision, promoting social skills, increasing attention span, and reduces stress and increases vitamin D levels.

The proceeds from the “We’re Running To Play 5K” will go into Miami School Playground Fund until sufficient funds are raised to by a suitable piece of equipment.
